Provides information on the history of the development of life on earth, details of the typical plants and animals of significant geological areas, and maps of areas where fossils can be found. As a guide to the hidden city, reconstructed, imagined and remembered, as well as to St Petersburg today, this book is highly recommended. It will take you to parts of the city and corners of buildings that other guides do not reach and reveal stories that others do not tell. "The Transit Street Design Guide sets a new vision for how cities can harness the immense potential of transit to create active and efficient streets in neighborhoods and downtowns alike. Building on the Urban Street Design Guide and Urban Bikeway Design Guide, the Transit Street Design Guide details how reliable public transportation depends on a commitment to transit at every level of design. Developed through a new peer network of NACTO members and transit agency partners, the Guide provides street transportation departments, transit operating agencies, leaders, and practitioners with the tools to actively prioritize transit on the street."--Site Web de NACTO. In this complete guide to the relaxed, informal, friendly island, the author tells visitors the best places to stay, from cheap guest houses to luxury condos, and offers cuisine choices from roadside kiosks to fine dining. 7 maps. Photos. "A handbook for naturalists, sidewalk denizens, apartment dwellers, dog-walkers, and bicycle riders . . . No New Yorker should be without this book." —Wayne Cahilly, New York Botanical Garden New York City is an urban oasis with hundreds of thousands of trees, and this guide acquaints residents and visitors alike with fifty species commonly found in the neighborhoods where people live, work, and travel. Beautiful, original drawings of leaves and stunning photographs of bark, fruit, flower, and twig accompany informative descriptions of each species. Detailed maps of the five boroughs identify all of the city's neighborhoods, and specific addresses pinpoint where to find a good example of each tree species. Trees provide invaluable benefits to the Big Apple: they reduce the rate of respiratory disease, increase property values, cool homes and sidewalks in the summer, block the harsh winds of winter, clean the air, absorb storm water runoff, and provide habitat and food for the city's wildlife. Bald cypress, swamp oak, silver linden, and all of New York's most common trees are just a page turn away. Your evening walk will never be the same once you come to know the quiet giants that line the city's streets. This eBook is best viewed on a color device. Spot the silhouette of a Northern Goshawk in flight. Identify the raucous call of the Red-winged Blackbird. Discover the secret of picking out a Chipping Sparrow from its look-alike cousins. It's simple with this classic field guide, Birds of North America, a treasured favorite among amateur bird lovers and exacting professionals. Recognized as the authority on bird identification, this invaluable resource provides: -All of North America in one volume -Over 800 species and 600 range maps -Arthur Singer's famous illustrations featuring male, female, and juvenile plumage -Sonograms that picture sound for easy song recognition -Migration routes, feeding habits, and characteristic flight patterns -American ornithologists' classifications -Convenient check boxes to record birds you have identified -Color tabs for quick references Twelve-year-old Sunny St. James navigates heart surgery, reconnecting with her lost mother, first kisses, and emerging feelings for another girl in this stunning, heartfelt novel--perfect for fans of Ali Benjamin and Erin Entrada Kelly. When Sunny St. James receives a new heart, she decides to set off on a "New Life Plan": 1) do awesome amazing things she could never do before; 2) find a new best friend; and 3) kiss a boy for the first time. Her "New Life Plan" seems to be racing forward, but when she meets her new best friend Quinn, Sunny questions whether she really wants to kiss a boy at all. With the reemergence of her mother, Sunny begins a journey to becoming the new Sunny St. James. This sweet, tender novel dares readers to find the might in their own hearts. A guide to identification of marine plant and animal life along 88,600 miles of tidal shoreline of the United States. This eBook is best viewed on a color device. Easy-to-Read! For many naturalists, woodland frogs and toads represent some of their first encounters with wildlife. Now this Golden Guide from St. Martin's Press offers fascinating insights into the mysterious world of frogs and toads. * Covers everything from the deadly poisonous frogs of South America to our common woodland species * The ways of distinguishing frogs and toads * Learn about their growth, reproduction, and way of life Includes gorgeous, accurate, full-cover illustrations and little-known facts about these extraordinary, overlooked animals. A handy, yet thorough, guide to St. Paul! St. Paul was a thinker, a pastor, a missionary, a revolutionary, and a martyr. By the end of his life -- and largely thanks to his efforts -- Christianity enjoyed a worldwide presence. Since then, he has emerged repeatedly down the millennia as a fresh voice, compelling us to envision God, and life, in a new way. We cannot understand Christianity unless we understand his message. We cannot understand ourselves as Christians unless we see ourselves in the light of his words. A descriptive and informative guide to more than 100 sites of literary significance in the greater St. Louis area, *Literary St. Louis: A Guide* includes historical and biographical information, maps, literary anecdotes, and photographs. Edited by William H. Gass and Lorin Cuoco, the volume includes selections by T. S. Eliot, Mark Twain, Sara Teasdale, Fannie Hurst, William S. Burroughs, Tennessee Williams, Kate Chopin, Thomas Wolfe, and many others who have helped define American literature over the past 150 years. This book is indispensable for understanding the region's rich literary landscape. This eBook is best viewed on a color device. This Golden Guide from St. Martin's Press is an introduction to the major groups of poisonous animals in the world, including the most deadly species. Learn about: -Dangerous stingers, fangs, and spines -The many varieties of venom, and the different ways they are used -Where poisonous animals live Includes full-color illustrations and little-known facts about some of the most remarkable animals on earth. This eBook is best viewed on a color device. Enjoy and Learn! Expert Knowledge! Easy-to-Read! This introduction to the diverse yet little known world of spiders is packed with concise, accurate information. With full-color pictures and readable text, this guide identifies representative species and describes: Their characteristics and habits Growth, courtship and enemies Where they are found Includes information on poisonous species and how to collect, preserve, and raise spiders. Featuring information on evolution, locomotion, feeding, and more, this field guide covers all the dinosaurs that are most likely to be represented in museums. Presents a handbook for the identification of over five hundred species of trees by illustration and text. A guide to marine mammals discusses the natural history, evolution, distribution, characteristics, and migratory patterns of whales, dolphins, and seals. **NATIONAL BESTSELLER** • A coming-of-age classic, acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. *The House on Mango Street* is the remarkable story of Esperanza Cordero, a young Latina girl growing up in Chicago, inventing for herself who and what she will become. Told in a series of vignettes—sometimes heartbreaking, sometimes deeply joyous—Sandra Cisneros' masterpiece is a classic story of childhood and self-discovery. Few other books in our time have touched so many readers. "Cisneros draws on her rich [Latino] heritage ... and seduces with precise, spare prose, creat[ing] unforgettable characters we want to lift off the page. She is not only a gifted writer, but an absolutely essential one." —The New York Times Book Review More than 200 species of turtles, snakes, frogs, salamanders and their relatives are described in this comprehensive field guide to amphibians. This new addition to the popular guidebook series explores women's experiences and the impact of their activities on the history and landscape of St. Louis. When the city was founded, most St. Louisans believed that "a woman's place is in the home," in the house of her father, husband, or master. Over the years, women pushed out the boundaries of their lives into the public arena, and in doing so they changed the face of St. Louis. *In Her Place* is a guide to the changing definition of a woman's place in St. Louis, beginning with the colonial period and ending with the 1960s. Each chapter explores the experiences of women during a specific time period and identifies the sites of some of their public activities on a map of the city created from historical sources. Along the way, readers will meet such significant St. Louis women as Harriet Scott, Susan Blow, Edna Gellhorn, and Philippine Duchesne and learn about the activities of the Ladies' Union Aid Society, the Sisters of Charity, the League of Women Voters, and the Harper Married Ladies' Club. The book also includes four tours of the St. Louis region addressing the themes of the book and identifying significant buildings, homes, and other key sites. Current photographs will help readers locate the sites on detailed maps. An up-to-date bibliography and resource listing make this an invaluable guide for anyone interested in studying the history of women in the region. This compact guide to both salt-and fresh-water fishing will help you to: -Identify the principal sport fishes of North America -Select baits and tackle -Hook and land a fish A basic guide for the novice and a handy reference for the experienced angler, it's packed with useful information and helpful tips on when, where, and how to fish most successfully. This eBook is best viewed on a color device. This introduction to the life of the past as revealed through fossils includes: -Descriptions of the typical plants and animals of major geological eras -Maps showing where fossils can be found -The history of the development of life on earth Full-color illustrations and concise information make this an invaluable and enjoyable guide to a fascinating subject. One of the most influential schools of classical philosophy, stoicism emerged in the third century BCE and later grew in popularity through the work of proponents such as Seneca and Epictetus. This informative introductory volume provides an overview and brief history of the stoicism movement. This eBook is best viewed on a color device. Scoop up plentiful Cockles on Eastern beaches. Spy a fabulous Emperor Helmet in Southern Florida. Find a Red Chiton on the Pacific shore. The coasts of North America yield a wondrous variety of shells, from the majestic Conch to tiny Bittium. This beautifully illustrated guide, *Seashells of North America* by R. Tucker Abbott, helps both the novice and experienced shell hunter distinguish between similar varieties and find the glorious specimens that become a collection's prize. -Native varieties and important introduced species -Expert tips on cleaning and preservation -Common and scientific names -Convenient measuring rules...and more!! The new Concise St. Martin's Guide provides streamlined coverage of the six most commonly assigned genres in first-year composition—remembering events, writing profiles, explaining concepts, arguing a position, proposing a solution, and justifying an evaluation. The Concise Guide leads students through the writing process: "Guides to Reading" equip students to analyze a genre's basic features, and Axelrod and Cooper's distinctive "Guides to Writing" help students apply their analysis of reading to the development of their own writing projects. With more hands-on activities for critical reading and working with sources, greater emphasis on the rhetorical situation,

and a fresh new design to show students the strategies they need at a glance, the Concise Guide helps students accomplish their writing goals from start to finish. Our newest set of online materials, LaunchPad Solo, provides all the key tools and course-specific content that you need to teach your class. Get all our great course-specific materials in one fully customizable space online; then assign and mix our resources with yours. To package LaunchPad Solo free with The Concise St. Martin's Guide to Writing, use ISBN 978-1-319-00686-0. The Global Street Design Guide is a timely resource that sets a global baseline for designing streets and public spaces and redefines the role of streets in a rapidly urbanizing world. The guide will broaden how to measure the success of urban streets to include: access, safety, mobility for all users, environmental quality, economic benefit, public health, and overall quality of life. The first-ever worldwide standards for designing city streets and prioritizing safety, pedestrians, transit, and sustainable mobility are presented in the guide. Participating experts from global cities have helped to develop the principles that organize the guide. The Global Street Design Guide builds off the successful tools and tactics defined in NACTO's Urban Street Design Guide and Urban Bikeway Design Guide while addressing a variety of street typologies and design elements found in various contexts around the world. Traditional dictionaries of philosophy provide a great deal of detailed information and define a large number of uncommon terms. By contrast, The Ism Book is more of a "field guide" that cuts to the essence of key concepts in the history of ideas. The longest-running dictionary of philosophy on the Internet (continually maintained since 1996), The Ism Book is finally available in paperback and ebook formats for convenient reference. Naturally, the online version is still available at ismbook.com.
