Part 3 draws from and builds on the previous two parts, but can stand alone as separate. Part 1 prepared you to make choices, increase your perception, and adjust your awareness relative to the 5 Laws. Part 2 prepared you to grasp the concepts of creation, their purpose in your life and your own purpose in life, and gave you what you needed to apply what you had learned. This book is contains information with examples. Unlike the previous books this one contains a part of a story that illustrates "The Carry Principle" indirectly and directly. The story is fictionalized non-fiction. Meaning that everything is completely genuine and accurate to the real experience. The Carry Principle is profoundly simple however extremely subtle and passive. For until you delve into what it is really all about you will never truly know your true-self. The institutions of business are designed to keep this "Busy-ness" going. All of time and space...where do you want to start?
