She lost faith in the person she loved most Lady Piper Brudenall hoped, prayed, and pleaded for her brother to return to London and rescue her from the marriage her mother arranged for her to a despicable nobleman. Heartbroken by her brother's apparent abandonment but with nowhere left to turn, Piper knew she had no one left to trust. No one to count on. No choice but to save herself. Leaving behind life as she knew it, she ran away from it all. Living right under their noses. Fearing what would become of her if she

were ever discovered. He found love in the most unexpected place Connor MacKintosh relishes the chance to take control of the Marquis of Aylesbury's estate, Dinton Grange, while his sister and her new husband were on their honeymoon. Getting his hands dirty evolves into a far more fascinating undertaking when he encounters a bonny lass with a smile potent enough to leave a man weak in the knees. As taken as he is by her, Connor realizes the mysterious woman is running from something, or someone. Unfortunately, he can be of no help to her if she persists in running from him. Wariness of strangers has kept Piper's presence at the Grange a secret for more than two years. However, while distrust hasn't entirely guaranteed security... it has ensured loneliness. When Connor comes along offering a friendly ear, a helping hand, and something more unexpected, she's torn between her head and her heart. One knows she'd be a fool to put her faith in another man. The other promises that he is a man like no other. As Piper's past threatens to catch up with her, Connor will do anything he can to keep her safe. Whether she will trust him with her life and her heart... That's a question for the ages. In this newest edition of her bestselling book, Barbara H. Rosenwein integrates the history of European, Byzantine, and Islamic medieval cultures—as well as their Eurasian connections—in a dynamic narrative. The text has been significantly updated to reflect growing interest in the Islamic world and Mediterranean region. Stunning plates featuring art and architecture weave together events, mentalities, and aesthetics. Medievalist Riccardo Cristiani authors a new feature on material culture that examines the intricacies of manuscript production and the lustrous glazes of Islamic ceramics. A fully revised map program offers user-friendly spot maps that clarify events right where they are discussed as well as dazzling topographical maps that reveal the very contours of the medieval world. Helpful genealogies, figures, architectural plans, and lists of key dates complement the text. All maps, genealogies, and figures are available on the History Matters website ([www.utphistorymatters.com](http://www.utphistorymatters.com)) for easy download. Students will find this site equally useful for its hundreds of study questions and their click-to-reveal answers. A Best Book of the Year: The Washington Post • Chicago Tribune • NPR • Vogue • Elle • Real Simple • InStyle • Good Housekeeping • Parade • Slate • Vox • Kirkus Reviews • Library Journal • BookPage Longlisted for the 2020 Booker Prize An Instant New York Times Bestseller A Reese's Book Club Pick "The most provocative page-turner of the year." --Entertainment Weekly "I urge you to read Such a Fun Age." --NPR A striking and surprising debut novel from an exhilarating new voice, Such a Fun Age is a page-turning and big-hearted story about race and privilege, set around a young black babysitter, her well-intentioned employer, and a surprising connection that threatens to undo them both. Alix Chamberlain is a woman who gets what she wants and has made a living, with her confidence-driven brand,

showing other women how to do the same. So she is shocked when her babysitter, Emira Tucker, is confronted while watching the Chamberlains' toddler one night, walking the aisles of their local high-end supermarket. The store's security guard, seeing a young black woman out late with a white child, accuses Emira of kidnapping two-year-old Briar. A small crowd gathers, a bystander films everything, and Emira is furious and humiliated. Alix resolves to make things right. But Emira herself is aimless, broke, and wary of Alix's desire to help. At twenty-five, she is about to lose her health insurance and has no idea what to do with her life. When the video of Emira unearths someone from Alix's past, both women find themselves on a crash course that will upend everything they think they know about themselves, and each other. With empathy and piercing social commentary, *Such a Fun Age* explores the stickiness of transactional relationships, what it means to make someone "family," and the complicated reality of being a grown up. It is a searing debut for our times. By the age responses to tough questions kids ask parents about sex (for parents of kids aged 3 -14) Does life have meaning, purpose and value? Can we know whether God exists? If he does, why does he allow bad things to happen? How can we make sense of death, and what lies beyond it? And how can we live life well during a personal, national, or global crisis? Human beings have always asked these big questions. However, crises like the COVID-19 pandemic, the 2007–2008 financial collapse, or the War on Terror following the 9/11 attacks, make them seem more urgent and harder to avoid. This short book is an accessible introduction to these questions. It makes no assumptions about the reader's beliefs but is written for anyone who wants to understand how Christian ideas can help make sense of life and live it well during difficult times. Each chapter is illustrated with examples from the lives of a wide range of people over time, as well as stories from films, novels, and music, to help the reader think through these weighty issues in an engaging way. A groundbreaking history of the Big Questions that dominated the nineteenth century In the early nineteenth century, a new age began: the age of questions. In the Eastern and Belgian questions, as much as in the slavery, worker, social, woman, and Jewish questions, contemporaries saw not interrogatives to be answered but problems to be solved. Alexis de Tocqueville, Victor Hugo, Karl Marx, Frederick Douglass, Fyodor Dostoevsky, Rosa Luxemburg, and Adolf Hitler were among the many who put their pens to the task. The Age of Questions asks how the question form arose, what trajectory it followed, and why it provoked such feverish excitement for over a century. Was there a family resemblance between questions? Have they disappeared, or are they on the rise again in our time? In this pioneering book, Holly Case undertakes a stunningly original analysis, presenting, chapter by chapter, seven distinct arguments and frameworks for understanding the age. She considers whether it was marked by a progressive quest for emancipation (of women, slaves, Jews, laborers, and others); a steady, inexorable march toward genocide and the "Final Solution"; or a movement toward federation and the dissolution of boundaries. Or was it simply a farce, a false frenzy dreamed up by publicists eager to sell subscriptions? As the arguments clash, patterns emerge and sharpen until the age reveals its full and peculiar nature. Turning convention on its head with meticulous and astonishingly broad scholarship, *The Age of Questions* illuminates how patterns of thinking move history.
