Socrates and the State Oct 17 2019 This fresh outlook on Socrates' political philosophy in Plato's early dialogues argues that it is both more subtle and less authoritarian than has been supposed. Focusing on the *Crito*, Richard Kraut shows that Plato explains Socrates' refusal to escape from jail and his acceptance of the death penalty as arising not from a philosophy that requires blind obedience to every legal command but from a highly balanced compromise between the state and the citizen. In addition, Professor Kraut contends that our contemporary notions of civil disobedience and generalization arguments are not present in this dialogue.

[Four Texts on Socrates](#) Jan 24 2023

Socrates and Alcibiades: Four Texts May 16 2022 *Socrates and Alcibiades: Four Texts* gathers together translations our four most important sources for the relationship between Socrates and the most controversial man of his day, the gifted and scandalous Alcibiades. In addition to Alcibiades' famous speech from Plato's *Symposium*, this text includes two dialogues, the *Alcibiades I* and *Alcibiades II*, attributed to Plato in antiquity but unjustly neglected today, and the complete fragments of the dialogue *Alcibiades* by Plato's contemporary, Aeschines of Sphettus. These works are essential reading for anyone interested in Socrates' improbable love affair with Athens' most desirable youth, his attempt to woo Alcibiades from his ultimately disastrous worldly ambitions to the philosophical life, and the reasons for Socrates' failure, which played a large role in his conviction by an Athenian court on charges of impiety and corrupting the youth. Focus Philosophical Library translations are close to and are non-interpretative of the original text, with the notes and a glossary intending to provide the reader with some sense of the terms and the concepts as they were understood by Plato's immediate audience.

Plato and Aristophanes: Four Texts on Socrates Jan 12 2022

The Trials of Socrates Jun 17 2022 This unique and expertly annotated collection of the classic accounts of Socrates left by Plato, Aristophanes, and Xenophon features new translations of Euthyphro, Apology, Crito, and the death scene from Phaedo by C. D. C. Reeve, Peter Meineck's translation of Clouds, and James Doyle's translation of Apology of Socrates.

More Texts from the Archive of Socrates Sep 20 2022 This volume contains editions of 35 texts, which have been excavated nearly 100 years ago in the ancient Egyptian village of Karanis, and which were still waiting publication. As all texts written on papyrus from the Egyptian countryside, these texts give a new insight into the life of the people who dwelled in a typical village of the Roman period in Egypt. The texts show the cultural diversity of those who cohabitated, whether they had Greek or Egyptian names, whether their main gods were the crocodiles or Zeus. In the lives of all of them tax-paying played an important role, as well as caring for their cattle and fields, doing business, and fulfilling the obligations of the Roman government. In particular interesting is the personage of Socrates the tax-collector. Since the ruins of Karanis are still standing (and worth a visit) with two nearly intact temples from the period of the texts, a more complete image of village life emerges from texts and the archaeology behind them. Papyrologists welcome every newly published text as a further stone of the mosaic image that they try to create of the past.

Defence of Socrates, Euthyphro, Crito Aug 27 2020 These new translations present Plato's remarkable dramatizations of the momentous events surrounding the trial of Socrates on charges of irreligion and corrupting the young.

The Socrates Express Nov 17 2019 The author retraces the journeys of forefront intellectuals from Epicurus and Gandhi to Thoreau and Beauvoir to illuminate how their practical and spiritual lessons can be applied in today's unsettled world. Eric Weiner combines his twin passions for philosophy and global travel in a pilgrimage that uncovers surprising life lessons from philosophers around the world, from Marcus Aurelius to Arthur Schopenhauer, Confucius to Montaigne. Traveling by train (the most thoughtful mode of transport) he traversed thousands of miles, making stops in Athens, Delhi, Massachusetts, Coney Island, Frankfurt, and points in between, to recapture philosophy's original purpose: teaching us how to lead wiser, more meaningful lives. From Socrates and ancient Athens to Simone de Beauvoir and twentieth century Paris, Weiner's chosen places and thinkers provide important signposts as we navigate today's chaotic times.

Socrates in the Apology May 24 2020 "Reeve's book is an excellent companion to Plato's Apology and a valuable discussion of many of the main issues that arise in the early dialogues. Reeve is an extremely careful reader of texts, and his familiarity with the legal and cultural background of Socrates' trial allows him to correct many common misunderstandings of that event. In addition, he integrates his reading of the apology with a sophisticated discussion of Socrates' philosophy. The writing is clear and succinct, and the research is informed by a thorough acquaintance with the secondary literature. Reeve's book will be accessible to any serious undergraduate, but it is also a work that will have to be taken into account by every scholar doing advanced research on Socrates." --Richard Kraut, Northwestern University

Plato's Socrates Apr 03 2021 Socrates, as he is portrayed in Plato's early dialogues, remains one of the most controversial figures in the history of philosophy. This book concerns six of the most vexing and often discussed features of Plato's portrayal: Socrates' methodology, epistemology, psychology, ethics, politics, and religion. Brickhouse and Smith cast new light on Plato's early dialogues by providing novel analyses of many of the doctrines and practices for which Socrates is best known. Included are discussions of Socrates' moral method, his profession of ignorance, his denial of akrasia, as well as his views about the relationship between virtue and happiness, the authority of the State, and the epistemic status of his daimonion. By revealing the many interconnections among Socrates' views on a wide variety of topics, this book demonstrates both the richness and the remarkable coherence of the philosophy of Plato's Socrates.

Apology Mar 14 2022 The Apology of Socrates was written by Plato. In fact, it's a defensive speech of Socrates that he said in a court noted down by Plato. The main subject of the speech is a problem of the evil. Socrates insists that neither death nor death sentence is evil. We shouldn't be afraid of the death because we don't know anything about it. Socrates proved that the death shouldn't be taken as the evil with the following dilemma: the death is either a peace or a transit from this life to the next. Both can't be called evil. Consequently, the death shouldn't be treated as evil.

Rescuing Socrates Sep 08 2021 A Dominican-born academic tells the story of how the Great Books transformed his life—and why they have the power to speak to people of all backgrounds. What is the value of a liberal education? Traditionally characterized by a rigorous engagement with the classics of Western thought and literature, this approach to education is all but extinct in American universities, replaced by flexible distribution requirements and ever-narrower academic specialization. Many academics attack the very idea of a Western canon as chauvinistic, while the general public increasingly doubts the value of the humanities. In *Rescuing Socrates*, Dominican-born American academic Roosevelt Montás tells the story of how a liberal education transformed his life, and offers an intimate account of the relevance of the Great Books today, especially to members of historically marginalized communities. Montás emigrated from the Dominican Republic to Queens, New York, when he was twelve and encountered the Western classics as an undergraduate in Columbia University's renowned Core Curriculum, one of America's last remaining Great Books programs. The experience changed his life and determined his career—he went on to earn a PhD in English and comparative literature, serve as director of Columbia's Center for the Core Curriculum, and start a Great Books program for low-income high school students who aspire to be the first in their families to attend college. Weaving together memoir and literary reflection, *Rescuing Socrates* describes how four authors—Plato, Augustine, Freud, and Gandhi—had a profound impact on Montás's life. In doing so, the book drives home what it's like to experience a liberal education—and why it can still remake lives.

Defence of Socrates, Euthyphro, Crito Feb 19 2020 These new translations present Plato's remarkable dramatization of the momentous events surrounding the trial of Socrates in 399 BC, on charges of irreligion and corrupting the young. The *Euthyphro*, *Defence of Socrates*, and *Crito* form a dramatic and

thematic sequence, raising fundamental questions about the basis of moral, religious, legal, and political obligation. Plato explores these issues with a freshness and directness that have never been surpassed. In the *Defence of Socrates*, Plato seeks not only to clear his master's name, but also to defend the whole Socratic way of life, and therefore philosophy itself. The result is an oratorical masterpiece. The *Euthyphro*, an inquiry into the nature of piety, probes the relationship between religion and morality. The *Crito* discusses the citizen's obligation to the state, in the context of a life-or-death issue confronting Socrates himself - whether or not to escape from prison. David Gallop's Introduction provides a stimulating philosophical and historical analysis of these texts, complemented by useful explanatory notes and an index of names, to make this edition invaluable to readers new to these timeless classics. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

The Last Days of Socrates Dec 31 2020 *The Last Days of Socrates* presents Plato's dialogues *Euthyphro*, *Apology*, *Crito* and *Phaedo*.

Apology, *Crito*, and *Phaedo* of Socrates Mar 02 2021 *Apology*, *Crito*, and *Phaedo* of Socrates By Plato transl. Benjamin Jowett Each dialogue contains insights into Ancient Greek thought, and the culture of the society as a whole. All three of these texts use ordinary conversations as a means of conveying and evolving individual ideas. It is within these early texts that Socrates demonstrates his manner of gaining insight via asking questions - this Socratic method, whereby Socrates maintains an impression of ignorance - was to define the thought of Plato. *Apology* In this dialogue, Socrates makes his case to the Athenian people at his trial. Passionately arguing against the charges of impiety levied upon him, the philosopher uses logic, reason and his natural gifts of speech in attempting to convince the crowd against sentencing him to death. While unsuccessful, the margin of the vote was narrow - it is now that Socrates is taken to the cells, where his final conversations are to take place. *Crito* When speaking to *Crito*, a man from a wealthy local family, Socrates advances a number of points about justice and injustice. After *Crito* declares his admiration for Socrates peace of mind and collectiveness in the face of his death sentence, the two commence a philosophical debate. Together the pair draw a number of comparisons with society in order to reach a definition of what is just and unjust in the context of human living. The text makes a point of noting *Crito*'s attempts at convincing Socrates to escape from prison and thus his death sentence - although such an escape might be arranged, Socrates refuses on the grounds that it is his duty as a citizen to face the death penalty. *Phaedo* One of the most famous dialogues of Plato, in *Phaedo* we witness the final philosophic discussions which Socrates partakes in before dying. His friends and family are variously present, until the final death sentence - that of drinking a poison solution of hemlock - is carried out. The topics here range from the form and essential immortality of the soul, the nature of learning and memory, and the nature of life. It is here that Plato, with Socrates as his

principle character, advances a number of philosophic arguments and ideas which were to evolve later in his writings. An iconic text, the death of Socrates remains one of the most pivotal and popularly known events in the history of philosophy.

Four texts on Socrates, revised ed Nov 22 2022

Socrates and Athens Nov 29 2020 A series of texts in Classical Civilisation, encompassing literary, historical and philosophical subjects.
Apologia Apr 15 2022

Ancient Greek Philosophy Jun 05 2021 *Ancient Greek Philosophy: From the Presocratics to the Hellenistic Philosophers* presents a comprehensive introduction to the philosophers and philosophical traditions that developed in ancient Greece from 585 BC to 529 AD. Provides coverage of the Presocratics through the Hellenistic philosophers Moves beyond traditional textbooks that conclude with Aristotle A uniquely balanced organization of exposition, choice excerpts and commentary, informed by classroom feedback Contextual commentary traces the development of lines of thought through the period, ideal for students new to the discipline Can be used in conjunction with the online resources found at <http://tomblackson.com/Ancient/toc.html>

Supplement Edition Mar 22 2020 The Supplement Edition: *Apology of Socrates & The Crito* is designed to aid teachers with a wealth of background information and opinions. The Supplement includes the text of the class book *Apology of Socrates & The Crito* (with the same page numbering), plus the supplement material, with bibliography, glossary, and the text of Xenophon's *Apology of Socrates* about the same trial from a different point of view. Benjamin Jowett's early translation of Plato's *Apology* is remarkably free of Victorianisms, and brings to life the figure of Socrates with an easy colloquialism. Almost the entire dialogue is actually a monologue, battling the demons, real or imaginary, that had haunted him for decades. The record we have is Plato's rendition of Socrates' words and the court proceedings. Our best assumption is that Plato himself was there—he places himself as a mute audience member in the dialogue. Are Plato's words direct from Socrates' mouth? Common Greek practice by Herodotus, Thucydides and others, was to recreate scenes or even entire speeches from the past as they might have happened; today we would describe taking those liberties with history as docudrama. The later dialogues that Plato wrote featuring Socrates have led critics to wonder how much in these texts represent Plato, a systematic philosophizer, and how much could be attributed to actual statements made by Socrates, the perennial seeker. Xenophon also wrote a work about the same trial; he was not present. The text of his account, with his interpretation of events, follows the Supplement section; however, the Supplement material in this volume does not deal directly with the Xenophon text. Here are the contents of the Supplementary material: This Supplement is organized around a series of typical student questions; the answers are short paragraphs gleaned from many critical sources, often contradicting each other. Socrates has had perhaps as many critical detractors as proponents down through history, plus a Glossary for Greek names of people, gods, and events, a Bibliography, and the text of Xenophon's "Apology of Socrates." PLATO: "Supplement Edition: The Apology of Socrates & The Crito." Table of Contents Preface for Teachers What is important about the Apology? What is an apology? Who was Socrates? Who was Plato? Why did Plato write the Apology?

Who else wrote firsthand about Socrates? Is Plato's text accurate? What did Socrates' contemporaries say? Why is this trial taking place now? What was the larger political picture? What were the charges against Socrates? How did Socrates defend himself? What is the "Socratic problem"? Why did Socrates attack the early accusers first? Did the Athenians sentence Socrates unjustly? What was the public reaction after the trial? Was Socrates singled out? What do moderns say about Socrates? Did Socrates have a gospel or teaching? Was Socrates anti-democratic? What is the publishing history of the Apology? What is important about the Crito? Bibliography the text of Xenophon's Apology of Socrates Glossary

Apology of Socrates and Crito Sep 27 2020

The Plot to Save Socrates Dec 19 2019 Paul Levinson's astonishing new SF novel is a surprise and a delight: In the year 2042, Sierra, a young graduate student in Classics, is shown a new dialogue of Socrates, recently discovered, in which a time traveler tries to argue that Socrates might escape death by travel to the future! Thomas, the elderly scholar who showed her the document, disappears, and Sierra immediately begins to track down the provenance of the manuscript with the help of her classical scholar boyfriend, Max. The trail leads her to time machines in gentlemen's clubs in London and in New York, and into the past to a time traveler from her future, posing as Heron of Alexandria in 150 AD. Complications, mysteries, travels, and time loops proliferate as Sierra tries to discern who is planning to save the greatest philosopher in human history. Fascinating historical characters, from Alcibiades (of the honeyed thighs) to Thomas Appleton, the great nineteenth-century American publisher, to Socrates himself appear. With surprises in every chapter, Paul Levinson has outdone himself in *The Plot to Save Socrates*.

The Sacrifice of Socrates Feb 01 2021 When Athenians suffered the shame of having lost a war from their own greed and foolishness, around 404 BCE the public's blame was directed at Socrates, a man whose unique appearance and behavior, as well as his disapproval of the democracy, made him a ready target. Socrates was subsequently put on trial and sentenced to death. However, as René Girard has pointed out, no individual can be held responsible for a communal crisis. Plato's *Apology* depicts Socrates as both the bane and the cure of Greek society, while his *Crito* shows a sacrificial Socrates, what some might consider a pharmakos figure, the human drug through whom Plato can dispense his philosophical remedies. With tremendous insight and satisfying complexity, this book analyzes classical texts through the lens of Girard's mimetic mechanism.

Crito Jul 26 2020

Apology, Crito, and Phaedo of Socrates Jul 06 2021 *Apology, Crito, and Phaedo of Socrates* By Plato transl. Benjamin Jowett The *Apology of Socrates* by Plato is the Socratic dialogue that presents the speech of legal self-defence, which Socrates presented at his trial for impiety and corruption in 399 BC. Specifically, the *Apology of Socrates* is a defence against the charges of "corrupting the young" and "not believing in the gods in whom the city believes, but in other daimonia that are novel" to Athens. *Crito* is a dialogue by Plato. It depicts a conversation between Socrates and his wealthy friend Crito regarding justice, injustice, and the appropriate response to injustice. Socrates thinks that injustice may not be answered

with injustice, and refuses Crito's offer to finance his escape from prison. This dialogue contains an ancient statement of the social contract theory of government. Phædo or Phaedo, also known to ancient readers as "On The Soul", is one of the best-known dialogues of Plato's middle period. The Phaedo, which depicts the death of Socrates, is also Plato's fourth and last dialogue to detail the philosopher's final days, following Euthyphro, Apology, and Crito. In the dialogue, Socrates discusses the nature of the afterlife on his last day before being executed by drinking hemlock. Each dialogue contains insights into Ancient Greek thought, and the culture of the society as a whole. All three of these texts use ordinary conversations as a means of conveying and evolving individual ideas. It is within these early texts that Socrates demonstrates his manner of gaining insight via asking questions - this Socratic method, whereby Socrates maintains an impression of ignorance - was to define the thought of Plato. Apology In this dialogue, Socrates makes his case to the Athenian people at his trial. Passionately arguing against the charges of impiety levied upon him, the philosopher uses logic, reason and his natural gifts of speech in attempting to convince the crowd against sentencing him to death. While unsuccessful, the margin of the vote was narrow - it is now that Socrates is taken to the cells, where his final conversations are to take place. Crito When speaking to Crito, a man from a wealthy local family, Socrates advances a number of points about justice and injustice. After Crito declares his admiration for Socrates peace of mind and collectiveness in the face of his death sentence, the two commence a philosophical debate. Together the pair draw a number of comparisons with society in order to reach a definition of what is just and unjust in the context of human living. The text makes a point of noting Crito's attempts at convincing Socrates to escape from prison and thus his death sentence - although such an escape might be arranged, Socrates refuses on the grounds that it is his duty as a citizen to face the death penalty. Phaedo One of the most famous dialogues of Plato, in Phaedo we witness the final philosophic discussions which Socrates partakes in before dying. His friends and family are variously present, until the final death sentence - that of drinking a poison solution of hemlock - is carried out. The topics here range from the form and essential immortality of the soul, the nature of learning and memory, and the nature of life. It is here that Plato, with Socrates as his principle character, advances a number of philosophic arguments and ideas which were to evolve later in his writings. An iconic text, the death of Socrates remains one of the most pivotal and popularly known events in the history of philosophy.

Four Dialogues Jul 18 2022 Included in this volume are "Euthyphro," "Apology," "Crito," and the Death Scene from "Phaedo." Translated by F.J. Church. Revisions and Introduction by Robert D. Cumming.

Missing Socrates Feb 13 2022

Descent of Socrates Apr 22 2020 Since the appearance of Plato's Dialogues, philosophers have been preoccupied with the identity of Socrates and have maintained that successful interpretation of the work hinges upon a clear understanding of what thoughts and ideas can be attributed to him. In *Descent of Socrates*, Peter Warnek offers a new interpretation of Plato by considering the appearance of Socrates within Plato's work as a philosophical question. Warnek reads the Dialogues as an inquiry into the

nature of Socrates and in doing so opens up the relationship between humankind and the natural world. Here, Socrates appears as a demonic and tragic figure whose obsession with the task of self-knowledge transforms the history of philosophy. In this uncompromising work, Warnek reveals the importance of the concept of nature in the Platonic Dialogues in light of Socratic practice and the Ancient ideas that inspire contemporary philosophy.

Plato's Apology of Socrates Jan 20 2020 The significance of Plato's Apology of Socrates is impossible to overestimate. An account of the famous trial of Socrates in 399 b.c., it appeals to historians, philosophers, political scientists, classicists, and literary critics. It is also essential reading for students of ancient Greek. This new commentary on Plato's canonical work is designed to accommodate the needs of students in intermediate-level Greek classes, where they typically encounter the Apology for the first time. Paul Allen Miller and Charles Platter, two highly respected classicists and veteran instructors, present the Apology in its traditional thirty-three-chapter structure. They amplify the text with running commentary and glosses of unfamiliar words at the bottom of each page; brief chapter introductions to relevant philosophical, historical, and rhetorical issues; and a separate series of thought-provoking essays, one on each chapter. The essays can serve as bases for class discussions or as starting points for paper topics or general reflection. By integrating background material into the text at regular intervals rather than front-loading it in a lengthy initial overview or burying it in back-of-the-book endnotes, the authors offer students a rich encounter with the text. Their commentary incorporates the latest research on both the trial of Socrates and Plato's version of it, and it engages major philosophical issues from a contemporary perspective. This book is not only a much-needed aid for students of Greek. It is also the basis of a complete course on the Apology.

The Apology and Related Dialogues Oct 29 2020 Socrates, one of the first of the great philosophers, left no written works. What survives of his thought are second-hand descriptions of his teachings and conversations—including, most famously, the accounts of his trial and execution composed by his friend, student, and philosophical successor, Plato. In Euthyphro, Socrates examines the concept of piety and displays his propensity for questioning Athenian authorities. Such audacity is not without consequence, and in the Apology we find Socrates defending himself in court against charges of impiety and corruption of the youth. Crito depicts Socrates choosing to accept the resulting death sentence rather than escape Athens and avoid execution. All three dialogues are included here, as is the final scene of Phaedo, in which the sentence is carried out.

Four Texts on Socrates Dec 23 2022

The Cambridge Companion to Socrates May 04 2021 Essays from a diverse group of experts providing a comprehensive guide to Socrates, the most famous Greek philosopher.

The Trial and Death of Socrates Aug 07 2021 The Trial and Death of Socrates includes the four Platonic dialogues Euthyphro, Apology, Crito and Phaedo.

The Way of the Platonic Socrates Jun 24 2020 Who is Socrates? While most readers know him as the central figure in Plato's work, he is hard to characterize. In this book, S. Montgomery Ewegen opens this long-standing

and difficult question once again. Reading Socrates against a number of Platonic texts, Ewegen sets out to understand the way of Socrates. Taking on the nuances and contours of the Socrates that emerges from the dramatic and philosophical contexts of Plato's works, Ewegen considers questions of withdrawal, retreat, powerlessness, poverty, concealment, and release and how they construct a new view of Socrates. For Ewegen, Socrates is a powerful but strange and uncanny figure. Ewegen's withdrawn Socrates forever evades rigid interpretation and must instead remain a deep and insoluble question.

Conversations of Socrates Nov 10 2021 After the execution of Socrates in 399 BC, a number of his followers wrote dialogues featuring him as the protagonist and, in so doing, transformed the great philosopher into a legendary figure. Xenophon's portrait is the only one other than Plato's to survive, and while it offers a very personal interpretation of Socratic thought, it also reveals much about the man and his philosophical views. In 'Socrates' Defence' Xenophon defends his mentor against charges of arrogance made at his trial, while the 'Memoirs of Socrates' also starts with an impassioned plea for the rehabilitation of a wronged reputation. Along with 'The Estate-Manager', a practical economic treatise, and 'The Dinner-Party', a sparkling exploration of love, Xenophon's dialogues offer fascinating insights into the Socratic world and into the intellectual atmosphere and daily life of ancient Greece.

The Ironic Defense of Socrates Dec 11 2021 This book offers a controversial interpretation of Plato's Apology of Socrates. By paying unusually close attention to what Socrates indicates about the meaning and extent of his irony, David Leibowitz arrives at unconventional conclusions about Socrates' teaching on virtue, politics, and the gods; the significance of his famous turn from natural philosophy to political philosophy; and the purpose of his insolent 'defense speech'. Leibowitz shows that Socrates is not just a colorful and quirky figure from the distant past but an unrivaled guide to the good life - the thoughtful life - who is as relevant today as in ancient Athens. On the basis of his unconventional understanding of the dialogue as a whole, and of the Delphic oracle story in particular, Leibowitz shows that the Apology is the key to the Platonic corpus, indicating how many of the disparate themes and apparently contradictory conclusions of the other dialogues fit together.

Philosophy Before Socrates Aug 19 2022 Since its publication in 1994, Richard McKirahan's *Philosophy Before Socrates* has become the standard sourcebook in Presocratic philosophy. It provides a wide survey of Greek science, metaphysics, and moral and political philosophy, from their roots in myth to the philosophers and Sophists of the fifth century. A comprehensive selection of fragments and testimonia, translated by the author, is presented in the context of a thorough and accessible discussion. An introductory chapter deals with the sources of Presocratic and Sophistic texts and the special problems of interpretation they present. In its second edition, this work has been updated and expanded to reflect important new discoveries and the most recent scholarship. Changes and additions have been made throughout, the most significant of which are found in the chapters on the Pythagoreans, Parmenides, Zeno, Anaxagoras, and Empedocles, and the new chapter on Philolaus. The translations of some passages have been revised,

as have some interpretations and discussions. A new Appendix provides translations of three Hippocratic writings and the Derveni papyrus.

Four Texts on Socrates Oct 21 2022 This book offers translations of four major works of ancient Greek literature which treat the life and thought of Socrates, focusing particularly on his trial and defense (the Platonic dialogues Euthyphro, Apology of Socrates, and Crito) and on the charges against Socrates (Aristophanes' comedy the Clouds). This is the only collection of the three Platonic dialogues which also includes the Clouds, a work that is fundamental for understanding the thought of Socrates in relation to the Athenian political community and to Greek poetry. Thomas G. West's introduction provides an overview of the principal themes and arguments of the four works. There are extensive explanatory notes to the translations.

Four Texts on Socrates Feb 25 2023 Translations of four major works of ancient Greek literature which treat the life and thought of Socrates, focusing particularly on his trial and defense and on the charges against him.

Socrates Oct 09 2021 Socrates presents a compelling case for some life-changing conclusions that follow from a close reading of Socrates' arguments. Offers a highly original study of Socrates and his thought, accessible to contemporary readers Argues that through studying Socrates we can learn practical wisdom to apply to our lives Lovingly crafted with humour, thought-experiments and literary references (from the Iliad to Harry Potter), and with close reading of key Socratic arguments Aids readers with diagrams to make clear complex arguments
