The Sociolinguistics of Narrative Oct 29 2020 This book aims to appraise sociolinguistic work devoted to the form and function of storytelling and to examine in detail the ways in which narrative constitutes a fundamental discursive resource across a range of contexts. The chapters presented here bring together some of the most recent work in the theory and practice of narrative analysis from a broad sociolinguistic perspective. They address some of the questions left implicit whenever stories are brought within the analytic frame of sociolinguistics: What exactly do we mean by 'story'?; what kind of social and contextual variations can determine the production and shape of situated stories, and what are the core elements of narrative as a discursive unit and interactional resource?; how is the relationship between narrative discourse and social context articulated in the construction of cultural identities? The data come both from institutional settings such as workplaces, courtrooms, schools, and the media, as well as from informal everyday settings.

a user-friendly grammar/workbook designed to give German learners a great basis to build an in-depth knowledge of spoken and written German. Bridging the gap between grammar, storytelling, and culture, learners of the German language discover Germany's cultural history as well as life in Germany today, while absorbing grammatical structures through reading and practice. This grammar is based on recent Second Language Acquisition (SLA) research and word frequency, to embed vocabulary and grammar into a language-specific cultural context. A key component of this approach is consistency and relevance, enabling students to apply grammatical structures to their language learning, as well as talking about the past, present, and future. Aimed at ACTFL levels Novice (all) to Intermediate (middle)/CEFR A1 to B1, this is the perfect grammar for post-beginners, combining storytelling with grammar acquisition.

Tales of the German Imagination from the Brothers Grimm to Ingeborg Bachmann Aug 07 2021 'It was a very momentous day, the day on which I was to be slaughtered' Bringing together tales of melancholy and madness, nightmare and fantasy, this is a new collection of the most haunting German stories from the past 200 years. Ranging from the Romantics of the early nineteenth century to works of contemporary fiction, it includes Hoffmann's hallucinatory portrait of terror and insanity 'The Sandman'; Chamisso's influential black masterpiece 'Peter Schlemiel', where a man barter his own shadow; Kafka's chilling, disturbing satire 'In the Penal Colony'; the Dadaist surrealism of Kurt Schwitters' 'The Onion'; and Bachmann's modern fairy tale 'The Secrets of the Princess of Kagran'. Macabre, dreamlike and expressing deep unconscious fears, these stories are also spiked with unsettling humour, showing stylistic daring as well as giving insight into the darkest recesses of the human condition. Peter Wortsman's powerful translations are accompanied by brief overviews of the lives of each author, and an introduction discussing the notion of 'angst' and the

stories' place in the context of German history. Translated, selected and edited with an introduction by Peter Wortsman

We Are the Brennans Oct 09 2021 ****INSTANT NEW YORK TIMES BESTSELLER**** In the vein of Mary Beth Keane's *Ask Again, Yes* and Cynthia D'Aprix Sweeney's *The Nest*, Tracey Lange's *We Are the Brennans* explores the staying power of shame—and the redemptive power of love—in an Irish Catholic family torn apart by secrets. When twenty-nine-year-old Sunday Brennan wakes up in a Los Angeles hospital, bruised and battered after a drunk driving accident she caused, she swallows her pride and goes home to her family in New York. But it's not easy. She deserted them all—and her high school sweetheart—five years before with little explanation, and they've got questions. Sunday is determined to rebuild her life back on the east coast, even if it does mean tiptoeing around resentful brothers and an ex-fiancé. The longer she stays, however, the more she realizes they need her just as much as she needs them. When a dangerous man from her past brings her family's pub business to the brink of financial ruin, the only way to protect them is to upend all their secrets—secrets that have damaged the family for generations and will threaten everything they know about their lives. In the aftermath, the Brennan family is forced to confront painful mistakes—and ultimately find a way forward, together.

The Storyteller Jun 24 2020 An astonishing novel about redemption and forgiveness from the “amazingly talented writer” (HuffPost) and #1 New York Times bestselling author Jodi Picoult. Some stories live forever... Sage Singer is a baker. She works through the night, preparing the day's breads and pastries, trying to escape a reality of loneliness, bad memories, and the shadow of her mother's death. When Josef Weber, an elderly man in Sage's grief support group, begins stopping by the bakery, they strike up an unlikely friendship. Despite their differences, they see in each other the

hidden scars that others can't. Everything changes on the day that Josef confesses a long-buried and shameful secret and asks Sage for an extraordinary favor. If she says yes, she faces not only moral repercussions, but potentially legal ones as well. With the integrity of the closest friend she's ever had clouded, Sage begins to question the assumptions and expectations she's made about her life and her family. In this searingly honest novel, Jodi Picoult gracefully explores the lengths to which we will go in order to keep the past from dictating the future.

Cosmic Miniatures and the Future Sense Jun 05 2021 Alexander Kluge's revolutionary storytelling for the 21st-century pivots on the production of anti-realist hope under conditions of real catastrophe. Rather than relying on possibility alone, his experimental miniatures engender counterfactual horizons of futurity that are made incrementally accessible to lived experience through narrative form. Innovative close readings and theoretical reflection alike illuminate the dimensional quality of future time in Kluge's radical prose, where off-worldly orientation and unnatural narrative together yield new sensory perspectives on associative networks, futurity, scale, and perspective itself. This study also affords new perspectives on the importance of Kluge's creative writing for critical studies of German thought (including Kant, Marx, Benjamin, and especially Adorno), Holocaust memory, contemporary globalization, literary miniatures, and narrative studies of futurity as form. *Cosmic Miniatures* contributes an experiential but non-empirical sense of hope to future studies, a scholarly field of pressing public interest in endangered times.

As German as Kafka Apr 15 2022 Since the turn of the 21st century, countless literary endeavors by 'new Germans' have entered the spotlight of academic research. Yet 'minority writing', with its distinctive renegotiation of traditional concepts of cultural identity, is far from a recent phenomenon

in German literature. A hundred years previously, the intense involvement of German-Jewish intellectuals in cultural and political discourses on Jewish identity put a clear stamp on German modernism. This book is the first to unfold literary parallels between these two riveting periods in German cultural history. Drawing on the philosophical oeuvre of Jean-Luc Nancy, a comparative reading of texts by, amongst others, Beer-Hofmann, Kermani, Özdamar, Roth, Schnitzler, and Zaimoglu examines a variety of literary approaches to the thorny issue of cultural identity, while developing an overarching perspective on the 'politics of literature'.

The German Lesson Dec 31 2020 In this quiet and devastating novel about the rise of fascism, Siggie Jepsen, incarcerated as a juvenile delinquent, is assigned to write a routine German lesson on the "The Joys of Duty." Overfamiliar with these joys, Siggie sets down his life since 1943, a decade earlier, when as a boy he watched his father, a constable, doggedly carry out orders from Berlin to stop a well-known Expressionist artist from painting and to seize all his "degenerate" work. Soon Siggie is stealing the paintings to keep them safe from his father. "I was trying to find out," Lenz says, "where the joys of duty could lead a people." Translated from the German by Ernst Kaiser and Eithne Wilkins

[Tell to Win](#) Nov 29 2020 Today everyone—whether they know it or not—is in the emotional

transportation business. More and more, success is won by creating compelling stories that have the power to move partners, shareholders, customers, and employees to action. Simply put, if you can't tell it, you can't sell it. And this book tells you how to do both. Historically, stories have always been igniters of action, moving people to do things. But only recently has it become clear that purposeful stories—those created with a specific mission in mind—are absolutely essential in persuading others to support a vision, dream or cause. Peter Guber, whose executive and entrepreneurial accomplishments have made him a success in multiple industries, has long relied on purposeful story telling to motivate, win over, shape, engage and sell. Indeed, what began as knack for telling stories as an entertainment industry executive has, through years of perspiration and inspiration, evolved into a set of principles that anyone can use to achieve their goals. In *Tell to Win*, Guber shows how to move beyond soulless Power Point slides, facts, and figures to create purposeful stories that can serve as powerful calls to action. Among his techniques: * Capture your audience's attention first, fast and foremost * Motivate your listeners by demonstrating authenticity * Build your tell around "what's in it for them" * Change passive listeners into active participants * Use "state-of-the-heart" technology online and offline to make sure audience commitment remains strong To validate the power of telling purposeful stories, Guber includes in this book a remarkably diverse number of "voices" —master tellers with whom he's shared experiences. They include YouTube founder Chad Hurley, NBA champion Pat Riley, clothing designer Normal Kamali, "Mission to Mars" scientist Gentry Lee, Under Armour CEO Kevin Plank, former South African president Nelson Mandela, magician David Copperfield, film director Steven Spielberg, novelist Nora Roberts, rock legend Gene Simmons, and physician and author Deepak Chopra. After listening to this extraordinary mix of voices, you'll know how to craft, deliver—and own—a story that is truly compelling, one capable of

turning others into viral advocates for your goal.

Parallel Text: German Short Stories Feb 13 2022 Much maligned in pre-war Germany, the short story enjoyed a creative rebirth in 1945. Initially imported by the Allies, the form also matched perfectly the prevailing mood of irony, objectivity and mistrust of the didactic. With the original German text running alongside English translations, this collection features stories from eight outstanding post-war authors including Heinrich Böll, Ilse Aichinger and Reinhard Lettau which students will find both educational and engrossing. Böll's opening story 'Pale Anna' follows a soldier returning home, his situation comparable to that of the writer in the first months of peace: he knows no-one and has few words not linked to painful memories. This poignant narrative is followed by a variety of tales representing the diversity of the time and including satires, explorations of private obsessions and experiments in form and language.

Narrative Interaction Aug 27 2020 Telling stories in conversations is intricately interwoven with the interactive and local functions of story telling. Telling stories demands a certain kind of context and in itself establishes a particular interactive reality. Thus, narration is a specific kind of verbal interaction, governed by contextualizing devices, genre-specific cooperative regularities and corresponding verbal features. It plays an important role in institutional as well as in private modes of communication. The volume focuses on narration as a contextualized and contextualizing activity, which allocates specific structural tasks to the participants in the narrative process (narrator, co-narrator, listener). Thus, the research questions are oriented towards story telling under a functional and interactive perspective. The contributions analyze recordings of authentic narrations in different functions using different kinds of qualitative reconstructive methods. The data come from everyday as well as institutional settings and the languages covered are English, German, Greek, Hungarian, and Italian.

German Diasporic Experiences Jul 26 2020 Co-published with the Waterloo Centre for German Studies For centuries, large numbers of German-speaking people have emigrated from settlements in Europe to other countries and continents. In *German Diasporic Experiences: Identity, Migration, and Loss*, more than forty international contributors describe and discuss aspects of the history, language, and culture of these migrant groups, individuals, and their descendants. Part I focuses on identity, with essays exploring the connections among language, politics, and the construction of histories—national, familial, and personal—in German-speaking diasporic communities around the

world. Part II deals with migration, examining such issues as German migrants in postwar Britain, German refugees and forced migration, and the immigrant as a fictional character, among others. Part III examines the idea of loss in diasporic experience with essays on nationalization, language change or loss, and the reshaping of cultural identity. Essays are revised versions of papers presented at an international conference held at the University of Waterloo in August 2006, organized by the Waterloo Centre for German Studies, and reflect the multidisciplinary and the global perspective of this field of study.

The Chatter of the Visible Jun 17 2022 The Chatter of the Visible examines the paradoxical narrative features of the photomontage aesthetics of artists associated with Dada, Constructivism, and the New Objectivity. While montage strategies have commonly been associated with the purposeful interruption of and challenge to narrative consistency and continuity, McBride offers an historicized reappraisal of 1920s and 1930s German photomontage work to show that its peculiar mimicry was less a rejection of narrative and more an extension or permutation of it—a means for thinking in narrative textures exceeding constraints imposed by “flat” print media (especially the novel and other literary genres). McBride’s contribution to the conversation around Weimar-era montage is in her situation of the form of the work as a discursive practice in its own right, which affords humans a new way to negotiate temporality, as a particular mode of thinking that productively relates the particular to the universal, or as a culturally specific form of cognition.

The Storyteller Dec 11 2021 The #1 New York Times Bestseller * Named one of Variety's Best Music Books of 2021 * Included in Audible's Best of The Year list * A Business Insider Best Memoirs of 2021 * One of NME's Best Music Books of 2021 So, I've written a book. Having entertained the idea for years, and even offered a few questionable opportunities ("It's a piece of cake! Just do 4 hours of interviews, find someone else to write it, put your face on the cover, and voila!") I have decided to write these stories just as I have always done, in my own hand. The joy that I have felt from chronicling these tales is not unlike listening back to a song that I've recorded and can't wait to share with the world, or reading a primitive journal entry from a stained notebook, or even hearing my voice bounce between the Kiss posters on my wall as a child. This certainly doesn't mean that I'm quitting my day job, but it does give me a place to shed a little light on what it's like to be a kid from Springfield, Virginia, walking through life while living out the crazy dreams I had as young musician. From hitting the road with Scream at 18 years old, to my time in Nirvana and the Foo Fighters,

jamming with Iggy Pop or playing at the Academy Awards or dancing with AC/DC and the Preservation Hall Jazz Band, drumming for Tom Petty or meeting Sir Paul McCartney at Royal Albert Hall, bedtime stories with Joan Jett or a chance meeting with Little Richard, to flying halfway around the world for one epic night with my daughters...the list goes on. I look forward to focusing the lens through which I see these memories a little sharper for you with much excitement.

Stones from the River Oct 21 2022 From the acclaimed author of *Floating in My Mother's Palm* and *Children and Fire*, a stunning story about ordinary people living in extraordinary times—"epic, daring, magnificent, the product of a defining and mesmerizing vision" (Los Angeles Times). Trudi Montag is a Zwerg—a dwarf—short, undesirable, different, the voice of anyone who has ever tried to fit in. Eventually she learns that being different is a secret that all humans share—from her mother who flees into madness, to her friend Georg whose parents pretend he's a girl, to the Jews Trudi harbors in her cellar. Ursula Hegi brings us a timeless and unforgettable story in *Trudi* and a small town, weaving together a profound tapestry of emotional power, humanity, and truth.

Exorcising Hitler Jan 12 2022 The collapse of the Third Reich in 1945 was an event nearly unprecedented in history. Only the fall of the Roman Empire fifteen hundred years earlier compares

to the destruction visited on Germany. The country's cities lay in ruins, its economic base devastated. The German people stood at the brink of starvation, millions of them still in POW camps. This was the starting point as the Allies set out to build a humane, democratic nation on the ruins of the vanquished Nazi state—arguably the most monstrous regime the world has ever seen. In *Exorcising Hitler*, master historian Frederick Taylor tells the story of Germany's Year Zero and what came next. He describes the bitter endgame of war, the murderous Nazi resistance, the vast displacement of people in Central and Eastern Europe, and the nascent cold war struggle between Soviet and Western occupiers. The occupation was a tale of rivalries, cynical realpolitik, and blunders, but also of heroism, ingenuity, and determination—not least that of the German people, who shook off the nightmare of Nazism and rebuilt their battered country. Weaving together accounts of occupiers and Germans, high and low alike *Exorcising Hitler* is a tour de force of both scholarship and storytelling, the first comprehensive account of this critical episode in modern history.

“As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched, and beautifully written narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people’s lives and behavior and the nation’s fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball’s Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their outcasting of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the

effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Original and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

Bright Magic Sep 27 2020 Alfred Döblin's many imposing novels, above all Berlin Alexanderplatz, have established him as one of the titans of modern German literature. This collection of his stories—astonishingly, the first ever to appear in English—shows him to have been a master of short fiction too. Bright Magic includes all of Döblin's first book, *The Murder of a Buttercup*, a work of savage brilliance and a landmark of literary expressionism, as well as two longer stories composed in the 1940s, when he lived in exile in Southern California. The early collection is full of mind-bending and sexually charged narratives, from the dizzying descent into madness that has made the title story one of the most anthologized of German stories to "She Who Helped," where mortality roams the streets of nineteenth-century Manhattan with a white borzoi and a quiet smile, and "The Ballerina and the Body," which describes a terrible duel to the death. Of the two later stories, "Materialism, A Fable," in which news of humanity's soulless doctrines reaches the animals, elements, and the molecules themselves, is especially delightful.

Belonging Jul 18 2022 * Winner of the National Book Critics Circle Award * Silver Medal Society of Illustrators * * Named a Best Book of the Year by The New York Times, The Boston Globe, San Francisco Chronicle, NPR, Comics Beat, The Milwaukee Journal-Sentinel, Kirkus Reviews, and Library Journal This "ingenious reckoning with the past" (The New York Times), by award-winning artist Nora Krug investigates the hidden truths of her family's wartime history in Nazi Germany. Nora Krug was born decades after the fall of the Nazi regime, but the Second World War cast a long shadow over her childhood and youth in the city of Karlsruhe, Germany. Yet she knew little about her own family's involvement; though all four grandparents lived through the war, they never spoke of it. After twelve years in the US, Krug realizes that living abroad has only intensified her need to ask the questions she didn't dare to as a child. Returning to Germany, she visits archives, conducts research, and interviews family members, uncovering in the process the stories of her maternal grandfather, a driving teacher in Karlsruhe during the war, and her father's brother Franz-Karl, who died as a teenage SS soldier. In this extraordinary quest, "Krug erases the boundaries between comics, scrapbooking, and collage as she endeavors to make sense of 20th-century history, the Holocaust, her German heritage, and her family's place in it all" (The Boston Globe). A highly inventive, "thoughtful, engrossing" (Minneapolis Star-Tribune) graphic memoir, *Belonging* "packs the power of Alison Bechdel's *Fun Home* and David Small's *Stitches*" (NPR.org).

stories? How can I bind listeners to a real story for 15, 30 or 60 minutes? Or even get them excited about a whole series? How do I maintain suspense from beginning to end? How do I find my narrative voice? And, how do I develop a sound design for complex narratives? Richly illustrated using practical examples, the book guides the reader through various stages of developing a non-fiction narrative and examines structure, character development, suspense, narration, sound-design and ethics.
