North Carolina Guide to Animal Services Law Feb 01 2021 Local governments in North Carolina take the lead in traditional animal services activities, ranging from rabies control to dangerous dogs to animal cruelty. Many local governments go beyond the minimum requirements of state law and offer comprehensive animal services programs as a general public service. This book is designed to provide an overview of the laws that apply in many of the key animal services areas. While it includes a significant amount of legal detail, the book is not intended to be a resource only for legal professionals. Rather, the goal is to provide information that is accessible and useful for all local government officials interested in and involved with animal services, as well as for the general public. Topics covered in the book include criminal and civil animal cruelty, dangerous dogs, rabies control, nuisance and at-large animals, animal shelters, service animals, exotic animals, the statewide spay/neuter program, and much more.

The PETA Practical Guide to Animal Rights Jan 24 2023 With more than two million members and supporters, People for the Ethical Treatment of Animals (PETA) is the world's largest animal-rights organization, and its founder and president, Ingrid Newkirk, is one of the most well-known and most effective activists in America. She has spearheaded worldwide efforts to improve the treatment of animals in manufacturing, entertainment, and elsewhere. Every day, in laboratories, food factories, and other industries, animals by the millions are subjected to inhumane cruelty. In this accessible guide, Newkirk teaches readers hundreds of simple ways to stop thoughtless animal cruelty and make positive choices. For each topic, Newkirk provides hard facts, personal insight, inspiration, ideas, and resources, including:

- How to eat healthfully and compassionately**
- How to adopt animals rather than support puppy mills**
- How to make their vote count and change public opinion**
- How to switch to cruelty-free cosmetics and clothing**
- How to choose amusements that protect rather than exploit animals.**

With public concern for the well-being of animals greater than ever—particularly among young people—this timely, practical book offers exciting and easy ways to

make a difference.

The Animal Lover's Guide to Changing the World Mar 14 2022 "This book belongs on every animal lover's shelf—and it's a particularly great gift for young people who are on fire to save animals but are unsure where to start. Hooray!!" —Sy Montgomery, author of *The Good Good Pig* and *The Soul of an Octopus* **The Animal Lover's Guide to Changing the World** is the inspiring, accessible, and empowering book for everyone who loves animals and wants to live a more animal-friendly life, even if they aren't ready to join a movement or give up bacon. With more than 7.5 billion people on the planet, wildlife is going extinct at the fastest rate since the dinosaurs. Three to four million dogs and cats are killed in shelters every year; billions of chickens, pigs, and cows are killed for food; and countless animals are killed in research labs or their habitat. The numbers are daunting, but there's good news too! Even one person truly can make a difference without breaking the bank. With Stephanie Feldstein's straightforward and encouraging guidance, readers will learn how to take action to create a better world for the animals we love. It starts with changes as simple as taking a shorter shower, skipping meat once a week, wearing "this" not "that," and extends all the way to online activism and politics. The animals need us; so let's get on with some world changing!

***The IACUC Administrator's Guide to Animal Program Management* Jul 06 2021** The IACUC Administrator's Guide to Animal Program Management supports IACUC administrators who assist with developing, managing, and overseeing a program of animal care and animal use. It provides many options and possibilities for specific operational practices (e.g., how to build a well-functioning IACUC, what a functional protocol template looks like) to satisfy regulatory requirements. The material provided is a compilation of several years of Best Practices (BP) meetings among IACUC administrators across the country. The BP meetings included representatives from the NIH/OLAW, AAALAC, and the USDA, whose presence and dialogue assured the BP discussion met or exceeded all regulatory or accreditation minimum standards. BP meeting attendees from private, public, governmental, and academic organizations have helped to shape and develop the information offered herein. It is through the insight of several hundred colleagues—their successes as well as their failures—that the authors have distilled suggestions and considerations for your local animal care and use program. This handbook complements other useful references and manuals regarding programmatic function—it is not intended to replace them. The primary difference you will find is the transparent and open nature of describing processes that have been time tested and proven to help you and your organization satisfy the regulatory requirements.
