Whimsical and touching images tell the story of an unexpected friendship and the revelations it inspires in this moving, wordless picture book from two-time Caldecott Honor medalist Marla Frazee. A baby clown is separated from his family when he accidentally bounces off their circus train and lands in a lonely farmer's vast, empty field. The farmer reluctantly rescues the little clown, and over the course of one day together, the two of them make some surprising discoveries about themselves—and about life! Sweet, funny, and moving, this wordless picture book from a master of the form and the creator of *The Boss Baby* speaks volumes and will delight story lovers of all ages. Learn all about orangutans in this fun and informational text. Like all

books in the My Favorite Animal Series, *Orangutans* offers engaging facts and checks the reader's knowledge and comprehension throughout the book. From the author of the beloved classic *Where the Red Fern Grows* comes a timeless adventure about a boy who discovers a tree full of monkeys. The last thing fourteen-year-old Jay Berry Lee expects to find while trekking through the Ozark Mountains of Oklahoma is a tree full of monkeys. But then Jay learns from his grandpa that the monkeys have escaped from a traveling circus, and there's a big reward for the person who finds and returns them. His family could really use the money, so Jay sets off, determined to catch them. But by the end of the summer, Jay will have learned a lot more than he bargained for—and not just about monkeys. From the beloved author of *Where the Red Fern Grows* comes another memorable adventure novel filled with heart, humor, and excitement. Honors and Praise for Wilson Rawls' *Where the*

Red Fern Grows: A School Library Journal Top 100 Children's Novel An NPR Must-Read for Kids Ages 9 to 14 Winner of 4 State Awards Over 7 million copies in print! "A rewarding book . . . [with] careful, precise observation, all of it rightly phrased." —The New York Times Book Review "One of the great classics of children's literature . . . Any child who doesn't get to read this beloved and powerfully emotional book has missed out on an important piece of childhood for the last 40-plus years." —Common Sense Media "An exciting tale of love and adventure you'll never forget." —School Library Journal Perfect for quarantine reading with your children! Owen Davey returns with another guide to animals, this time digging into the wonderous world of frogs! Cool illustrations and fun facts give you all a kid could want to know, and more about frogs! Did you know that there are over 4,000 known species of frog? Some are bigger than your dinner plate, while others

are small enough to sit on your fingernail, and in between is about every color and size you can imagine! Leap into this fascinating illustrated guide to the most diverse amphibians in the world, from the lumbering common toad to the beautiful but deadly poison dart frog. Hilda Snibbs has three little monkeys. Their names are: Tim and Sam and Lulu. Each day, Hilda comes home to find a big mess! Will these silly little monkeys ever learn to behave? This funny, chaotic, and utterly delightful picture book from renowned children's book author and illustrator Quentin Blake and celebrated illustrator Emma Chichester Clark is a perfect story to treasure together. During the time Mowgli was with the wolf pack, he is abducted by the Bandar-log monkeys to the ruined city. Baloo and Bagheera set out to rescue him with Kaa the python. Kaa defeats the Bandar-log, frees Mowgli, and hypnotises the monkeys and the other animals with his dance. Mowgli rescues Baloo and Bagheera from the spell.

The Jungle Book (1894) is a collection of stories by English author Rudyard Kipling. The stories were first published in magazines in 1893-94. The original publications contain illustrations, some by Rudyard's father, John Lockwood Kipling. Kipling was born in India and spent the first six years of his childhood there. After about ten years in England, he went back to India and worked there for about six-and-a-half years. These stories were written when Kipling lived in Vermont. Famous stories of The Jungle Book Rudyard Kipling: Mowgli's Brothers, Kaa's Hunting, Tiger! Tiger!, The White Seal, Rikki-Tikki-Tavi, Toomai of the Elephants, Her Majesty's Servants. Animal House meets Liar's Poker in this hysterically funny, often unbelievable, and absolutely, positively true account of life at DLJ, one of the hottest investment banks on Wall Street. "Like most other young business school graduates, John Rolfe and Peter Troob thought that life in a major investment banking

firm would make their wildest dreams come true -- it would be fast-paced, intellectually challenging, glamorous, and, best of all, lucrative. They were in for a surprise. For behind the walls of Wall Street's firms lies a stratum of stunted, overworked, abused, and in the end, very well-compensated, but very frustrated men and women. Monkey Business takes readers behind the scenes at Donaldson, Lufkin, and Jenrette (DLJ), one of Wall Street's hottest firms of the 90s, from the interview process to the courting of clients to bonus time. It's a glimpse of a side of the business the financial periodicals don't talk about -- 20-hour work days, trips across the country where associates do nothing except carry the pitch book, strip clubs at night, inflated salaries, and high-powered, unforgettable personalities. Monkey Business provides readers with a first-class education in the real life of an investment banker. But best of all, it is an extremely funny read about two young men

who, on their way towards achieving the American dream, quickly realized they were selling their souls to get there." Provides Information About The Wide Variety Of Features That Animals Have And Why Their Features Are Important. The color-changing skin of chameleons, the aggressive behavior of hippopotamuses, the malodorous scent of skunks, and the defining characteristics of 29 other fascinating animals are explored in this popular series. It's time to learn about the sea's most feared (and most misunderstood) residents: sharks! Owen Davey returns to nonfiction to explain the mysteries of those denizens of the deep. Some deadly, some not-so-deadly, and almost all just generally misunderstood. Exciting and detailed illustrations fill the page and educate young readers about these thrilling residents of the sea! Delivering information with the same whimsical text and brash illustration that saw his previous book win the affection of the Wall Street

Journal, Smart About Sharks is sure to have teeth! Teach your child their first words with these familiar and fun illustrations! A wickedly funny novel from the New York Times bestselling author of Squeeze Me in which the greedy, the corrupt, and the degraders of what's left of pristine Florida—now, of the Bahamas as well—get their comeuppance. "[A] comedic marvel ... [Hiaasen] hasn't written a novel this funny since Skinny Dip."—The New York Times Andrew Yancy—late of the Miami Police and soon-to-be-late of the Monroe County sheriff's office—has a human arm in his freezer. There's a logical (Hiaasenian) explanation for that, but not for how and why it parted from its shadowy owner. Yancy thinks the boating-accident/shark-luncheon explanation is full of holes, and if he can prove murder, the sheriff might rescue him from his grisly Health Inspector gig (it's not called the roach patrol for nothing). But first—this being Hiaasen country—Yancy must

negotiate an obstacle course of wildly unpredictable events with a crew of even more wildly unpredictable characters, including his just-ex lover, a hot-blooded fugitive from Kansas; the twitchy widow of the frozen arm; two avariciously optimistic real-estate speculators; the Bahamian voodoo witch known as the Dragon Queen, whose suitors are blinded unto death by her peculiar charms; Yancy's new true love, a kinky coroner; and the eponymous bad monkey, who with hilarious aplomb earns his place among Carl Hiaasen's greatest characters. Fear, compassion, evil, courage, hope, wonder, the exquisite terror of not knowing what will happen on the next page to characters you care about deeply—these are the marvels that Dean Koontz weaves into the unique tapestry of every novel. His storytelling talents have earned him the devotion of fans around the world, making him one of the most popular authors of our time, with more than 200 million

copies of his books sold worldwide. Christopher Snow is different from all the other residents of Moonlight Bay, different from anyone you've ever met. For Christopher Snow has made his peace with a very rare genetic disorder shared by only one thousand other Americans, a disorder that leaves him dangerously vulnerable to light. His life is filled with the fascinating rituals of one who must embrace the dark. He knows the night as no one else ever will, ever can—the mystery, the beauty, the many terrors, and the eerie, silken rhythms of the night—for it is only at night that he is free. Until the night he witnesses a series of disturbing incidents that sweep him into a violent mystery only he can solve, a mystery that will force him to rise above all fears and confront the many-layered strangeness of Moonlight Bay and its residents. Once again drawing daringly from several genres, Dean Koontz has created a narrative that is a thriller, a mystery, a wild adventure, a

novel of friendship, a rousing story of triumph over severe physical limitations, and a haunting cautionary tale. This ebook edition contains a special preview of Dean Koontz's *The Silent Corner*. *Hang On, Monkey!* uses simple vocabulary and fun pictures to capture the interest and help develop the skills of beginning readers. The crazy antics, humor, and fun information make this new reading experience a treat. Ten mystery primates put themselves out there in this book. They show their most flattering and unflattering features. For example, one points out its pretty red hair while another one calls attention to its big nose. Each primate hopes to be known by young readers. From the bestselling author of *Charlie and the Chocolate Factory* and *The BFG!* Mr. and Mrs. Twit are the smelliest, nastiest, ugliest people in the world. They hate everything—except playing mean jokes on each other, catching innocent birds to put in their Bird Pies, and

making their caged monkeys, the Muggle-Wumps, stand on their heads all day. But the Muggle-Wumps have had enough. They don't just want out, they want revenge. This comical, adorable, and fascinating reader documents the lives of monkeys living in the wild and includes details regarding their behavior, families, and environment. The carefully constructed text guarantees a successful and rewarding reading experience for level 2 readers who are able to read alone, with minor assistance. The photography and extras featured in this title ensure a fun and interactive experience for the reader. National Geographic supports K-12 educators with ELA Common Core Resources.
