This story is about two dragon brothers who are twins, but very different. One is well mannered and loved by the community while the other gets into trouble much to the dismay of his twin. Along the way, one brother is confronted by a situation which leads to self-reflection, eventually causing him to change his ways, at least most of the time. It's about mistakes, manners, and trying to do the right thing. Aisling Grey is a courier enjoying a free, work-related trip to Paris when she learns she's a Guardian. That's a keeper of the Gates of Hell, for those who don't know. She finds this out from Drake Vireo, who's scrumptiously sexy-at least in his human form. Now Drake has stolen the package Aisling was sent to deliver, and she must track him down, get the package, and try to resist the passion boiling inside her. Tom must find the twin dragons Vedra and Krimon before the evil wizard Malvel tries to capture and control them with his dark magic. USA Today Bestseller! Part Eragon, part Transformers, with a magical beating heart at its center. Marcus Brimley was just four years old when his CIA analyst father went missing and the world branded him a traitor. Eight years later, searching for clues to find his father and prove his innocence, Marcus breaks a complex code that sends him shooting through a storm into an alternate realm . . . but he doesn't travel alone. When Marcus lands in this new world, Dracone, he finds that he has been followed by government drones. And they're out to destroy Marcus and all of Dracone. While fleeing the drones, Marcus meets Dree, a twelve-year-old Draconian girl who comes from a family of dragon riders. Dree explains to Marcus that while humans and dragons used to be friends, Dracone's new prime minister has turned them into enemies, with humans hunting dragons for sport and dragon-riding families like Dree's pushed to the poorer outskirts of the city. But the drones are firing on both the dragons and the people of Dracone. Soon, Marcus and Dree discover that they must get help from the dragons if they want to stop an all-out war that will leave the incredible realm of Dracone decimated. Stealing a baby dragon was easy! Hiding it is a little more complicated, in this sequel to reviewer favorite Dragons in a Bag. Jaxon had just one job--to return three baby

dragons to the realm of magic. But when he got there, only two dragons were left in the bag. His best friend's sister, Kavita, is a dragon thief! Kavita only wanted what was best for the baby dragon. But now every time she feeds it, the dragon grows and grows! How can she possibly keep it secret? Even worse, stealing it has upset the balance between the worlds. The gates to the other realm have shut tight! Jaxon needs all the help he can get to find Kavita, outsmart a trickster named Blue, and return the baby dragon to its true home. Sirin, Allie, and Joss have joined forces with the legendary silver dragon Lysander, the only creature capable of opening portals between the two worlds. But the powerful Lennix clan is following the children's every move and will stop at nothing to capture Lysander. After generations of plotting, the Lennixes -- and their bloodthirsty dragon allies, the Raptors -- are terrifyingly close to establishing a brutal dragon regime on Earth, just like they did centuries ago. Now, it's up to Allie, Joss, and Sirin to protect Lysander while searching for a secret source of lost dragon magic, the only force powerful enough to stop the Raptor. But when their search takes them to one of the largest cities on Earth, the new friends must decide what's more important: finding the missing treasure or guarding the most important secret in the world -- that dragons have returned to Earth . . . and not all of them have good intentions. In a modern mega-city built around dragons, one boy gets caught up in the world of underground dragon battles and a high-stakes gang war that could tear his family apart. Once, dragons nearly drove themselves to extinction. But in the city of Drakopolis, humans domesticated them centuries ago. Now dragons haul the city's cargo, taxi its bustling people between skyscrapers, and advertise its wares in bright, neon displays. Most famously of all, the dragons battle. Different breeds take to the skies in nighttime bouts between the infamous kins—criminal gangs who rule through violence and intimidation. Abel has always loved dragons, but after a disastrous showing in his dragon rider's

exam, he's destined never to fly one himself. All that changes the night his sister appears at his window, entrusting him with a secret...and a stolen dragon. Turns out, his big sister is a dragon thief! Too bad his older brother is a rising star in Drakopolis law enforcement... To protect his friends and his family, Abel must partner with the stolen beast, riding in kin battles and keeping more secrets than a dragon has scales. Since then, they have earned the Dragon Lords' trust, but the infamous insanity that besieged the first twin dragons is now beginning to take over their senses, just as all the Dragon Lords have found their true mates. After so long without a mate of their own, Cree and Calo's dragons are pushing them to do something that would surround them with devastating death and a bitterly waged war. There has never been a woman who can handle a lifetime with two dragon-shifters, and they don't expect that to change now when they desperately need a partner to save their sanity. Hope can spring from unexpected places however, and the rescue of an old man and his suspiciously mysterious grandson from an abandoned mining asteroid launches the twins into a confused and conflicted journey to a distant planet called Earth at the behest of their...true mate. Smith presents a new action-packed story full of adventure and romance. Brimming with her signature humor, vivid scenes, and beloved

characters, this book is sure to be another fan favorite! In a modern mega-city built around dragons, one boy gets caught up in the world of underground dragon battles and a high-stakes gang war that could tear his family apart. In the city of Drakopolis, dragons and humans have co-existed for centuries. Dragons burn the city's garbage, taxi its busy citizens from place to place, and even compete in vicious underground battles for ganglike kins. But the dragons also compete in legal sports, like the spectacular aerial races that draw in cheering crowds by the tens of thousands. Abel is at just such a race when he witnesses the unthinkable. A long-shot competitor pulls off an impossible win -- then flies into a destructive rage! Someone in the city is experimenting on dragons: hacking their DNA, rebuilding their bodies, and breaking their minds. Who could be driving the dragons berserk? Abel must find out who's behind the experiments and put a stop to them, and to do so he'll infiltrate the kins' underground street races on a long-shot dragon of his own. But with his sister working for a kin, his brother serving the city's secret police, and a bully at school racing for Abel's worst enemies, will Abel find any safety past the finish line? They have waited incalculable millennia in the unexplored recesses of the Carpathian Mountains. Now an ancient race of dragons is emerging to separate fact from fable in a never-before-divulged record of their origins, their purpose, and their fears for a planet under siege in the Age of Humans. We are myths. We never existed. Lumea-Veche, most senior member of the ancient race of Dragons, knows it's neither wise nor healthy to live in the Age of Humans. Best to remain patient, and endure safely in fabrications. But as humans wreak havoc on the planet, it's time for an alliance, and for the Dragon race to finally reveal its unique and storied past to the shallow historians who have long distorted it. Here, in the first in a series, is the enlightening document by Lumea-Veche and Tanarul, Lumea's curious, skeptical, and inquisitive two-hundred-years-young student. Together they embark on an incredible

journey that takes them from the land that humans call Romania to the Rhine Valley of Germany to the mountains of Oman near the Arabian Sea, to the jungles of India, to the Arctic Ocean and beyond to seek out and engage the varied species of surviving Dragons to tell their exceptional stories. We meet the descendant of the first dragon slain by a human knight who was later known as St. George. We explore the Aztec civilization through the eyes of the flying serpent Quetzacoatl. We follow the artistic evolution of the world-famous image of the Chinese dragon, courtesy of the race's eldest survivor. We discover the astonishing origins of the dragon crest of the Dracula legend. And most of all, we come closer than ever to understanding these mysterious symbols of the unknown that up until now have only been the stuff of folklore and fairy tales that have perpetuated an unfounded myth of the gold-hoarding, town-destroying monsters well into the 21st century. A warrior princess finds herself torn between her fierce desire for an arrogant king and her intense feelings for a powerful dragon. Original. "Personable characters and superb storytelling make this an excellent choice. . . . Essential for Pern fans of all ages."—Library Journal (starred review) The son of a miner, Kindan has no expectations for any other life. He loves his lessons with the camp's harper, but music isn't part of a miner's future. He also enjoys helping out with the camp's watch-wher— a creature distantly related to dragons and uniquely suited to work in dark, cold spaces—but even that important job can't promise a future above the ground. Then disaster strikes. In one terrible instant, Kindan loses his family and the camp loses its watch-wher. It will take a new friendship and a new responsibility to teach Kindan that even a seemingly impossible dream is never out of reach . . . and that light can be found in the deepest darkness. "A guaranteed pleaser [in] one of SF's most splendid and longest-lived sagas."—Booklist "Another delightful entry in the Pern series."—Publishers Weekly A counting book that relates what happens when two dragons go to the doctor's office at Three Bug

But she keeps complaining about how spoiled and decadent I am, and how a feared Daughter of the Steppes has no time for foolish dragons. I think she likes my eye patch, though. It is quite dashing. “Influenced by the likes of Jane Austen and Rick and Morty, Smith tackles timely issues while leaving room for some delicious reality TV references.”—*Entertainment Weekly*

In the burned-out, futuristic city of Empire Island, three young people navigate a crumbling metropolis constantly under threat from a pair of dragons that circle the skies. When violence strikes, reality star Duncan Humphrey Ripple V, the spoiled scion of the metropolis’ last dynasty; Baroness Swan Lenore Dahlberg, his tempestuous, death-obsessed betrothed; and Abby, a feral beauty he discovered tossed out with the trash, are forced to flee everything they've ever known. As they wander toward the scalded heart of the city, they face fire, conspiracy, mayhem, unholy drugs, dragon-worshippers, and the monsters lurking inside themselves. In this bombshell of a novel, Chandler Klang Smith has imagined an unimaginable world: scathingly clever and gorgeously strange, *The Sky Is Yours* is at once faraway and disturbingly familiar, its singular chaos grounded in the universal realities of love, family, and the deeply human desire to survive at all costs. Praise for *The Sky is Yours* “It’s a mesmeric world, comic in the way teenage voyages of self-discovery inevitably are, but with an undertone of menace, horror, even hints of allegory. Satire, too . . . Smith’s imagination is inexhaustible. *The Sky Is Yours* is a great and disturbing debut, which colonizes a new realm of the magic city.”—*The Wall Street Journal* “Smith’s gifts of imagination are staggering. . . . Much like Lev Grossman’s *The Magicians* and Charlie Jane Anders’s *All the Birds in the Sky* before it, *The Sky is Yours* filters youth through a

warped yet poignantly canny speculative fiction lens. At the same time, it's funny as hell, full of madcap detail, firecracker dialogue, and a healthy dose of absurdism in the face of darkness."—NPR "Readers who love ambitious literary genre fiction should be on the lookout for Smith's first novel, a vibrantly uncanny dystopia set on an island metropolis, in the shadow of dragons that swoop overhead, where income inequality and mass incarceration have spun out of control."—HuffPost "An unmissable masterpiece."—PopSugar
