Caitlin Rosenthal explores quantitative management practices on West Indian and Southern plantations, showing how

planter-capitalists built sophisticated organizations and used complex accounting tools. By demonstrating that business innovation can be a byproduct of bondage Rosenthal further erodes the false boundary between capitalism and slavery. Study & Master Accounting was developed by practising teachers, and covers the RNCS for Accounting. CCH's U.S. Master Accounting Guide distills key accounting, business, legal and financial information into a convenient, handy and affordable package for the accountant's fingertip reference. Hundreds of updates are reflected across the broad coverage areas in the 2008 Edition including critical tax developments, accounting standards changes, financial developments, and much more affecting every chapter in the book. Study & Master Accounting was developed with the help of practising teachers, and covers all the requirements of the National Curriculum Statement for accounting. Study & Master Accounting was developed by practising teachers, and covers the NCS for Accounting. An indispensable hands-on guide to financial accounting In light of recent accounting scandals, it is critical that all financial practitioners understand and play by the rules of the accounting field. Starting from the assumption that the reader is not familiar with any accounting jargon, Mastering Financial Accounting Essentials presents material in a way that explains the key features of modern accounting step by step and helps you develop an intuitive understanding of accounting. Each chapter presents important accounting concepts, from inventory valuation methods and the timing of erosion of productive assets to how internal managers calculate ratios and trends to evaluate business efficiency. For those who need to understand the language and law of this discipline in order to communicate effectively with accountants and clients, Mastering Financial Accounting Essentials will be an indispensable guide. Study & Master Accounting Grade 12 has been developed with the help of practising teachers, and covers all of the requirements of the National Curriculum Statement for Accounting. This Workbook complements the Learners Book and Teachers Guide. Study & Master Accounting was developed with the help of practising teachers, and covers all the requirements of the National Curriculum Statement for accounting. Experienced educators and examiners have put together this marvellous resource that provides you with:

- introduction to and discussions of the various themes and topics relevant to Grade 11 Accounting
- fully worked out examples with their answers
- loads of exercises and questions to practise your newly-gained skills
- answers to these exercises at the back of the book
- assessment tests and an exemplar exam paper for you to work through and their answers
