This new edition of the highly regarded work includes recent research on the topic of radio intelligence and cryptography. Chronicles the stories of Columbian children who have lost parents, homes, schools, and any hope of day-to-day security, yet work for change and face the future with the confidence that their efforts will make a difference. The first biography

of the seminal music group WAR whose many hits include "Spill the Wine," "All Day Music," "Why Can't We Be Friends?" "Slippin' into Darkness," "The Cisco Kid," and - of course - "Low Rider." They combined rock, funk, soul, R&B, jazz, and a strong Latin vibe in their music, they have been awarded two Platinum and eight Gold records in their career. Their album "The World is a Ghetto" was the bestselling release of 1973 and was #444 on the list of "Rolling Stone's Top 500 Albums" list. This unauthorized book follows the group from their early incarnations when Harold Brown and Howard Scott met to form the Creators and then the Night Shift, to their partnership with former Animals lead singer Eric Burdon, to a highly successful career on their own with the core original lineup of Brown, Scott, Lee Oskar, Lonnie Jordan, B.B. Dickerson, Papa Dee Allen, and Charles Miller. The story also follows the band through their later, leaner years, the tragic deaths of two members, and the conflicts that led to a fissure and a split of performing entities that continues to this day. Featuring original interviews, archival research, and musical analysis and commentary, "Slippin' Out of Darkness: The Story of WAR" tells the tale of one of the most unique bands in the history of Classic Rock-era music. "A remarkable book, from its title and subtitle to its last words . . . A stirring indictment of American sentimentality about war." —Robert G. Kaiser, The Washington Post In *Looking for the Good War*, Elizabeth D. Samet reexamines the literature, art, and culture that emerged after World War II, bringing her expertise as a professor of English at West Point to bear on the complexity of the postwar period in national life. She exposes the confusion about American identity that was expressed during and immediately after the war, and the deep national ambivalence toward war, violence, and veterans—all of which were suppressed in subsequent decades by a dangerously sentimental attitude toward the United States' "exceptional" history and destiny. Samet finds the war's ambivalent legacy in some of its most heavily mythologized figures: the war correspondent epitomized by Ernie Pyle, the character of the erstwhile G.I. turned either cop or criminal in the pulp fiction and feature films of the late 1940s, the disaffected Civil War veteran who looms so large on the screen in the Cold War Western, and the resurgent military hero of the post-Vietnam period. Taken together, these figures reveal key elements of postwar attitudes toward violence, liberty, and nation—attitudes that have shaped domestic and foreign policy and that respond in various ways to various assumptions about national identity and purpose established or affirmed by World War II. As the United States reassesses its roles in Afghanistan and the Middle East, the time has come to rethink our national mythology: the way that World War II shaped our sense of national destiny, our beliefs about the use of American military force throughout the world, and our inability to accept the realities of the twenty-first century's decades of devastating conflict. Sunday, 3 September 1939: the dawn of a new conflict that would engulf the world, following the words of Prime Minister Neville Chamberlain: 'This country is at war with Germany'. By the time World War II ended in 1945, nearly half a million people from Britain and its empire had lost their lives, and the world had changed forever. Eighty years on, a look back at the lives of British people in September 1939 reveals a very different world from the one we know today. Unprecedented hardship lay ahead for a country where free healthcare for all was unknown: strict rationing of food and petrol, conscription for both sexes, and personal tragedy year after year amidst the chaos of Britain's bombed out cities and ports. What was it really like to be living in Britain in September 1939? *The Day the War Broke Out* is a fresh insight into the hearts and minds of a nation on that fateful day. With exclusive personal interviews, untold stories, wartime diaries and newspaper reports, it reveals the innermost fears and hopes of a society on the brink of war: through the eyes of young mothers fearful for their families, bewildered children painfully cut adrift from loved ones, and men of all ages, many now facing combat for the second time in their lives. These are personal, intimate snapshots from eighty years ago - when the entire world, virtually overnight, seemed to have been turned upside down - and of how a nation faced this new world with courage, humour and stoicism. From debut author Nina Varela comes the first book in a richly imagined epic fantasy duology about an impossible love between two girls—one human, one Made—whose romance could be the beginning of a revolution. Perfect for fans of Marie Rutkoski's *The Winner's Curse* as well as *Game of Thrones* and *Westworld*. After the

War of Kinds ravaged the kingdom of Rabu, the Automae, designed to be the playthings of royals, usurped their owners' estates and bent the human race to their will. Now Ayla, a human servant rising in the ranks at the House of the Sovereign, dreams of avenging her family's death...by killing the sovereign's daughter, Lady Crier. Crier was Made to be beautiful, flawless, and to carry on her father's legacy. But that was before her betrothal to the enigmatic Scyre Kinok, before she discovered her father isn't the benevolent king she once admired, and most importantly, before she met Ayla. Now, with growing human unrest across the land, pressures from a foreign queen, and an evil new leader on the rise, Crier and Ayla find there may be only one path to love: war. \*Newbery Honor book \*Winner of the Schneider Family Book Award This #1 New York Times bestseller is an exceptionally moving story of triumph against all odds set during World War II, from the acclaimed author of *Fighting Words*, and for fans of *Fish in a Tree* and *Sarah, Plain and Tall*. Schmidt, author of *Okay for Now* "I love Ada's bold heart...Her story's riveting."—Sheila Turnage, author of *Three Times Lucky* *War Is a Racket* is a speech and a 1935 short book, by Smedley D. Butler, a retired United States Marine Corps Major General and two-time Medal of Honor recipient. Based on his career military experience, Butler frankly discusses how business interests commercially benefit (including war profiteering) from warfare. He had been appointed commanding officer of the Gendarmerie during the United States occupation of Haiti, which lasted from 1915 to 1934. For fans of *Radium Girls* and history and WWII buffs, *The Girls Who Stepped Out of Line* takes you inside the lives and experiences of 15 unknown women heroes from the Greatest Generation, the women who served, fought, struggled, and made things happen during WWII—in and out of uniform, for theirs is a legacy destined to embolden generations of women to come. The *Girls Who Stepped Out of Line* are the heroes of the Greatest Generation that you hardly ever hear about. These women who did extraordinary things didn't expect thanks and shied away from medals and recognition. Despite their amazing accomplishments, they've gone mostly unheralded and unrewarded. No longer. These are the women of World War II who served, fought, struggled, and made things happen—in and out of uniform. Young Hilda Eisen was captured twice by the Nazis and twice escaped, going on to fight with the Resistance in Poland. Determined to survive, she and her husband later emigrated to the U.S. where they became entrepreneurs and successful business leaders. Ola Mildred Rexroat was the only Native American woman pilot to serve with the Women's Airforce Service Pilots (WASP) in World War II. She persisted against all odds—to earn her silver wings and fly, helping train other pilots and gunners. Ida and Louise Cook were British sisters and opera buffs who smuggled Jews out of Germany, often wearing their jewelry and furs, to help with their finances. They served as sponsors for refugees, and established temporary housing for immigrant families in London. Alice Marble was a grand-slam winning tennis star who found her own path to serve during the war—she was an editor with *Wonder Woman* comics, played tennis exhibitions for the troops, and undertook a dangerous undercover mission to expose Nazi theft. After the war she was instrumental in desegregating women's professional tennis. Others also stepped out of line—as cartographers, spies, combat nurses, and troop commanders. Retired U.S. Army Major General Mari K. Eder wrote this book because she knew their stories needed to be told—and the sooner the better. For theirs is a legacy destined to embolden generations of women to come. A remarkable account of the collapse of the Old South and the final years

of a young boy's privileged but afflicted life. LeRoy Wiley Gresham was born in 1847 to an affluent slave-holding family in Macon, Georgia. After a horrific leg injury left him an invalid, the educated, inquisitive, perceptive, and exceptionally witty twelve-year-old began keeping a diary in 1860—just as secession and the Civil War began tearing the country and his world apart. He continued to write even as his health deteriorated until both the war and his life ended in 1865. His unique manuscript of the demise of the Old South is published here for the first time in *The War Outside My Window*. LeRoy read books, devoured newspapers and magazines, listened to gossip, and discussed and debated important social and military issues with his parents and others. He wrote daily for five years, putting pen to paper with a vim and tongue-in-cheek vigor that impresses even now, more than 150 years later. His practical, philosophical, and occasionally Twain-like hilarious observations cover politics and the secession movement, the long and increasingly destructive Civil War, family pets, a wide variety of hobbies and interests, and what life was like at the center of a socially prominent wealthy family in the important Confederate manufacturing center of Macon. The young scribe often voiced concern about the family's pair of plantations outside town, and recorded his interactions and relationships with servants as he pondered the fate of human bondage and his family's declining fortunes. Unbeknownst to LeRoy, he was chronicling his own slow and painful descent toward death in tandem with the demise of the Southern Confederacy. He recorded—often in horrific detail—an increasingly painful and debilitating disease that robbed him of his childhood. The teenager's declining health is a consistent thread coursing through his fascinating journals. "I feel more discouraged [and] less hopeful about getting well than I ever did before," he wrote on March 17, 1863. "I am weaker and more helpless than I ever was." Morphine and a score of other "remedies" did little to ease his suffering. Abscesses developed; nagging coughs and pain consumed him. Alternating between bouts of euphoria and despondency, he often wrote, "Saw off my leg." *The War Outside My Window*, edited and annotated by Janet Croon with helpful footnotes and a detailed family biographical chart, captures the spirit and the character of a young privileged white teenager witnessing the demise of his world even as his own body slowly failed him. Just as Anne Frank has come down to us as the adolescent voice of World War II, LeRoy Gresham will now be remembered as the young voice of the Civil War South. Winner, 2018, The Douglas Southall Freeman Award When a meteorite lands in Surrey, the locals don't know what to make of it. Armed soldiers converge on the scene to ward off the invaders, but meanwhile, more Martian cylinders land on Earth, bringing reinforcements. As war breaks out across England, the locals must fight for their lives, but life on Earth will never be the same. This is an unabridged version of one of the first fictional accounts of extraterrestrial invasion. H. G. Wells's military science fiction novel was first published in book form in 1898, and is considered a classic of English literature. New from Monica Hesse, the bestselling and award-winning author of *Girl in the Blue Coat* -- an "important" (New York Times Book Review), "extraordinary" (Booklist, starred review) novel of conviction, friendship, and betrayal. "A must-read for fans of historical fiction." --Ruta Sepetys, #1 New York Times bestselling author *It's 1944*, and World War II is raging across Europe and the Pacific. The war seemed far away from Margot in Iowa and Haruko in Colorado--until they were uprooted to dusty Texas, all because of the places their parents once called home: Germany and Japan. Haruko and Margot meet at the high school in Crystal City, a "family internment camp" for those accused of colluding with the enemy. The teens discover that they are polar opposites in so many ways, except for one that seems to override all the others: the camp is changing them, day by day and piece by piece. Haruko finds herself consumed by fear for her soldier brother and distrust of her father, who she knows is keeping something from her. And Margot is doing everything she can to keep her family whole as her mother's health deteriorates and her rational, patriotic father becomes a man who distrusts America and fraternizes with Nazis. With everything around them falling apart, Margot and Haruko find solace in their growing, secret friendship. But in a prison the government has deemed full of spies, can they trust anyone--even each other? \*Don't miss Monica Hesse's latest masterwork, *They Went Left*\* NATIONAL BESTSELLER In this definitive account of the conflict, acclaimed war correspondent and bestselling author Bing West provides a practical way out of Afghanistan. Drawing on his expertise as both a combat-hardened Marine and a former assistant secretary of defense, West has written a tour de force narrative, rich with vivid characters and

gritty combat, which shows the consequences when strategic theory meets tactical reality. Having embedded with dozens of frontline units over the past three years, he takes the reader on a battlefield journey from the mountains in the north to the opium fields in the south. A fighter who understands strategy, West builds the case for changing course. His conclusion is sure to provoke debate: remove most of the troops from Afghanistan, stop spending billions on the dream of a modern democracy, and insist the Afghans fight their own battles. Bing West's book is a page-turner about brave men and cunning enemies that examines our realistic choices as a nation. This book is the most detailed and accurate account of the movement against the war in Vietnam in the U.S. which has been written. A particular strength of the book is that it places the war and the movement against it within an international context. The author's attention to fact and detail (the book is well footnoted) recreates the mood and the political battles of the movement's conferences and debates. This book is a good starting place for a person who knew nothing about the anti-war movement or the 60s and early 70s. It is a particularly useful book for those looking to learn how a powerful political movement can be built. Featuring a previously published author introduction, a personal foreword by his son and a new introduction by his grandson, a definitive edition of the lauded World War I classic collects all 39 of the Nobel Prize-winning author's alternate endings to offer new insights into his creative process. Cowritten by two beloved and award-winning sci-fi writers, *This Is How You Lose the Time War* is an epic love story spanning time and space. A long-awaited English translation of the groundbreaking oral history of women in World War II across Europe and Russia—from the winner of the Nobel Prize in Literature NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *The Washington Post* • *The Guardian* • *NPR* • *The Economist* • *Milwaukee Journal Sentinel* • *Kirkus Reviews* For more than three decades, Svetlana Alexievich has been the memory and conscience of the twentieth century. When the Swedish Academy awarded her the Nobel Prize, it cited her invention of “a new kind of literary genre,” describing her work as “a history of emotions . . . a history of the soul.” In *The Unwomanly Face of War*, Alexievich chronicles the experiences of the Soviet women who fought on the front lines, on the home front, and in the occupied territories. These women—more than a million in total—were nurses and doctors, pilots,

tank drivers, machine-gunners, and snipers. They battled alongside men, and yet, after the victory, their efforts and sacrifices were forgotten. Alexievich traveled thousands of miles and visited more than a hundred towns to record these women's stories. Together, this symphony of voices reveals a different aspect of the war—the everyday details of life in combat left out of the official histories. Translated by the renowned Richard Pevear and Larissa Volokhonsky, *The Unwomanly Face of War* is a powerful and poignant account of the central conflict of the twentieth century, a kaleidoscopic portrait of the human side of war. THE WINNER OF THE NOBEL PRIZE IN LITERATURE “for her polyphonic writings, a monument to suffering and courage in our time.” “A landmark.”—Timothy Snyder, author of *On Tyranny: Twenty Lessons from the Twentieth Century* “An astonishing book, harrowing and life-affirming . . . It deserves the widest possible readership.”—Paula Hawkins, author of *The Girl on the Train* “Alexievich has gained probably the world's deepest, most eloquent understanding of the post-Soviet condition. . . . [She] has consistently chronicled that which has been intentionally forgotten.”—Masha Gessen, National Book Award-winning author of *The Future Is History* NEW YORK TIMES EDITORS' CHOICE • A prize-winning historian's “effervescent” (*The New Yorker*) account of a close-knit band of wildly famous American reporters who, in the run-up to World War II, took on dictators and rewrote the rules of modern journalism “High-speed, four-lane storytelling . . . Cohen's all-action narrative bursts with colour and incident.”—*Financial Times* SHORTLISTED FOR THE PROSE AWARD AND THE MARK LYNTON HISTORY PRIZE • ONE OF THE BEST BOOKS OF THE YEAR: *The New Yorker*, *Vanity Fair*, *NPR*, *BookPage*, *Booklist* They were an astonishing group: glamorous, gutsy, and irreverent to the bone. As cub reporters in the 1920s, they roamed across a war-ravaged world, sometimes perched atop mules on wooden saddles, sometimes gliding through countries in the splendor of a first-class sleeper car. While empires collapsed and fledgling democracies faltered, they chased deposed empresses, international financiers, and Balkan gun-runners, and then knocked back doubles late into the night. *Last Call at the Hotel Imperial* is the extraordinary story of John Gunther, H. R. Knickerbocker, Vincent Sheean, and Dorothy Thompson. In those tumultuous years, they landed exclusive interviews with Hitler and Mussolini, Nehru and Gandhi, and helped shape what Americans knew about the world. Alongside these backstage glimpses into the halls of power, they left another equally incredible set of records. Living in the heady afterglow of Freud, they subjected themselves to frank, critical scrutiny and argued about love, war, sex, death, and everything in between. Plunged into successive global crises, Gunther, Knickerbocker, Sheean, and Thompson could no longer separate themselves from the turmoil that surrounded them. To tell that story, they broke long-standing taboos. From their circle came not just the first modern account of illness in Gunther's *Death Be Not Proud*—a memoir about his son's death from cancer—but the first no-holds-barred chronicle of a marriage: Sheean's *Dorothy and Red*, about Thompson's fractious relationship with Sinclair Lewis. Told with the immediacy of a conversation overheard, this revelatory book captures how the global upheavals of the twentieth century felt up close. This sweeping and groundbreaking work presents the shocking and violent history of ethnic cleansing against Chinese Americans from the Gold Rush era to the turn of the century. Is peace an aberration? *The New York Times* bestselling author of *Paris 1919* offers a provocative view of war as an essential component of humanity. NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW “Margaret MacMillan has produced another seminal work. . . . She is right that we must, more than ever, think about war. And she has shown us how in this brilliant, elegantly written book.”—H.R. McMaster, author of *Dereliction of Duty* and *Battlefields: The Fight to Defend the Free World* The instinct to fight may be innate in human nature, but war—organized violence—comes with organized society. War has shaped humanity's history, its social and political institutions, its values and ideas. Our very language, our public spaces, our private memories, and some of our greatest cultural treasures reflect the glory and the misery of war. War is an uncomfortable and challenging subject not least because it brings out both the vilest and the noblest aspects of humanity. Margaret MacMillan looks at the ways in which war has influenced human society and how, in turn, changes in political organization, technology, or ideologies have affected how and why we fight. *War: How Conflict Shaped Us* explores such much-debated and controversial questions as: When did war first start? Does human nature doom us to fight one another? Why has war been described as the most organized of all human activities? Why are warriors almost always men? Is war ever

within our control? Drawing on lessons from wars throughout the past, from classical history to the present day, MacMillan reveals the many faces of war—the way it has determined our past, our future, our views of the world, and our very conception of ourselves. I have accomplished the goal of my lifetime. I have become a Beautiful One. But it is not at all what I expected. Between the glitz, the glam, the fame, fortune, and my recent wedding, it's almost impossible to believe that a civil war rages beyond the capitol city's walls, and that my life was nearly taken because of it. This is why, the day after the attempt on my life, I choose to designate my Purpose to the great war. There's no guarantee that my words will change anything. But as my presence within the Glittering City grows, it becomes quickly apparent that I am in danger... and that no one, not even my government, can save me. COSTA BOOK OF THE YEAR AWARD WINNER "The hidden gem of the year . . . Sensational and gripping, and shedding light on some of the most urgent issues of our time, this was our unanimous winner." —Judges of the 2018 Costa Award

The extraordinary true story of a young Jewish girl in Holland during World War II, who hides from the Nazis in the homes of an underground network of foster families, one of them the author's grandparents Bart van Es left Holland for England many years ago, but one story from his Dutch childhood never left him. It was a mystery of sorts: a young Jewish girl named Lientje had been taken in during the war by relatives and hidden from the Nazis, handed over by her parents, who understood the danger they were in all too well. The girl had been raised by her foster family as one of their own, but then, well after the war, there was a falling out, and they were no longer in touch. What was the girl's side of the story, Bart wondered? What really happened during the war, and after? So began an investigation that would consume Bart van Es's life, and change it. After some sleuthing, he learned that Lientje was now in her 80s and living in Amsterdam. Somewhat reluctantly, she agreed to meet him, and eventually they struck up a remarkable friendship, even a partnership. The Cut Out Girl braids together a powerful recreation of that intensely harrowing childhood story of Lientje's with the present-day account of Bart's efforts to piece that story together, including bringing some old ghosts back into the light. It is a story rich with contradictions. There is great bravery and generosity—first Lientje's parents, giving up their beloved daughter, and then the Dutch families who face great danger from the Nazi occupation for taking Lientje and other Jewish children in. And there are more mundane sacrifices a family under brutal occupation must make to provide for even the family they already have. But tidy Holland also must face a darker truth, namely that it was more cooperative in rounding up its Jews for the Nazis than any other Western European country; that is part of Lientje's story too. Her time in hiding was made much more terrifying by the energetic efforts of the local Dutch authorities, zealous accomplices in the mission of sending every Jew, man, woman and child, East to their extermination. And Lientje was not always particularly well treated, and sometimes, Bart learned, she was very badly treated indeed. The Cut Out Girl is an astonishment, a deeply moving reckoning with a young girl's struggle for survival during war, a story about the powerful love of foster families but also the powerful challenges, and about the ways our most painful experiences define us but also can be redefined, on a more honest level, even many years after the fact. A triumph of subtlety, decency and unflinching observation, The Cut Out Girl is a triumphant marriage of many keys of writing, ultimately blending them into an extraordinary new harmony, and a deeper truth. A dramatic account of the Americans who tried to stop their nation from fighting in the First World War—and came close to succeeding. In this "fascinating" (Los Angeles Times) narrative, Michael Kazin brings us into the ranks of one of the largest, most diverse, and most sophisticated peace coalitions in US history. The activists came from a variety of backgrounds: wealthy, middle, and working class; urban and rural; white and black; Christian and Jewish and atheist. They mounted street demonstrations and popular exhibitions, attracted prominent leaders from the labor and suffrage movements, ran peace candidates for local and federal office, met with President Woodrow Wilson to make their case, and founded new organizations that endured beyond the cause. For almost three years, they helped prevent Congress from authorizing a massive increase in the size of the US army—a step advocated by ex-president Theodore Roosevelt. When the Great War's bitter legacy led to the next world war, the warnings of these peace activists turned into a tragic prophecy—and the beginning of a surveillance state that still endures today. Peopled with unforgettable characters and written with riveting moral urgency, War Against War is a "fine, sorrowful history" (The New York Times) and "a timely reminder of how easily the will of the majority can be thwarted in even the

mightiest of democracies" (The New York Times Book Review). Almost three-quarters of a million British soldiers lost their lives during the First World War, and many more were incapacitated by their wounds, leaving behind a generation of women who, raised to see marriage as "the crown and joy of woman's life," suddenly discovered that they were left without an escort to life's great feast. Drawing upon a wealth of moving memoirs, Singled Out tells the inspiring stories of these women: the student weeping for a lost world as the Armistice bells pealed, the socialite who dedicated her life to resurrecting the ancient past after her soldier love was killed, the Bradford mill girl whose campaign to better the lot of the "War spinsters" was to make her a public figure—and many others who, deprived of their traditional roles, reinvented themselves into something better. Tracing their fates, Nicholson shows that these women did indeed harbor secret sadness, and many of them yearned for the comforts forever denied them—physical intimacy, the closeness of a loving relationship, and children. Some just endured, but others challenged the conventions, fought the system, and found fulfillment outside of marriage. From the mill-girl turned activist to the debutante turned archeologist, from the first woman stockbroker to the "business girls" and the Miss Jean Brodies, this book memorializes a generation of young women who were forced, by four of the bloodiest years in human history, to stop depending on men for their income, their identity, and their future happiness. Indeed, Singled Out pays homage to this remarkable generation of women who, changed by war, in turn would change society. Whether we are dealing with a rude clerk, our child saying, "That's not fair," our spouse ignoring us, or an uncooperative co-worker, in our struggle to respond effectively, we often become defensive - sometimes without even realizing it. Despite good intentions, we can become manipulative and controlling, even with those we love most. In this groundbreaking book, Sharon Ellison takes us to the root of our communication problems. She shows us how defensiveness functions in our lives and can lead to hurtful power struggles, outlining the six basic patterns we use: \* Self-Betrayal \* Avoidance \* Excuses \* Sabotage \* Vindictiveness \* Blame Using her Powerful, Non-Defensive Communication process, you can express yourself with a compelling blend of vulnerability and honesty. Learn to: \* Ask disarming questions that prompt others to drop their defenses and open up \* Give direct feedback to others without being judgmental \* Express your own beliefs, feelings, and ideas passionately without being adversarial, so you can be heard and respected \* Set firm boundaries that create security and clear expectations. "Taking the War Out of Our Words" provides us with vital tools for healing conflict, enhancing self-esteem, becoming more open and spontaneous, strengthening relationships, transforming organizations, and guiding the way toward peace in our global community. A remarkable collection of first-hand accounts written by soldiers, doctors and aid workers on the front lines of Canada's war in Afghanistan. Visceral, intimate and captivating in ways no other telling could be, Outside the Wire features nearly two dozen stories by Canadians on the front lines in Afghanistan, including the previously unpublished letters home of Captain Nichola Goddard, the first female NATO soldier killed in combat, and an introductory reflection by Roméo Dallaire. Collected here are stories of battle and the more subtle engagements of this little-understood war: the tearful farewells; the shock of immersion into a culture that has been at war for thirty years; looking a suicide bomber in the eye the moment before he strikes; grappling with mortality in the Kandahar Field Hospital; and the unexpected humour that leavens life in a warzone. Throughout each piece the passion of those engaged in rebuilding this shattered country shines through, a glimmer of optimism and determination so rare in multinational military actions—and so particularly Canadian. In Outside the Wire, award-winning author Kevin Patterson and co-editor Jane Warren have rediscovered the valour and horror of sacrifice in this, the definitive account of the modern Canadian experience of war. The author of the "unforgettable story of strength, love, and survival" (Jillian Cantor, USA TODAY bestselling author) The Light After the War returns with a sweeping and evocative story of love and purpose in WWII Italy. Rome, 1943: University student Marina Tozzi is on her way home when she finds out that her father has been killed for harboring a Jewish artist in their home. Fearful of the consequences, Marina flees to Villa I Tatti, the Florence villa of her father's American friend Bernard Berenson and his partner Belle da Costa Greene, the famed librarian who once curated J.P. Morgan's library. Florence is a hotbed of activity as partisans and Germans fight for control of the city. Marina, an art expert, begins helping Bernard catalog his library as he makes the difficult trek to neutral Switzerland, helping to hide precious cultural artifacts from the

Germans. Adding to the tension, their young neighbor Carlos, a partisan, seeks out Marina for both her art expertise and her charm. Marina, swept up in the romance, dreams of a life together after the war. But when Carlos disappears, all of Marina's assumptions about her life in Florence are thrown into doubt, and she'll have to travel halfway around the world to unravel what really happened during the war. Transcending its time and period, this moving and lyrical story, beautifully illustrated, explores the fear and hope of children in time of war. I am just a child. How can I be at war? It's 1918, and war is everywhere. John's father is fighting in the trenches far away in France, while his mother works in a menacing munitions factory just along the road. His teacher says that John is fighting, too, that he is at war with enemy children in Germany who seem to be much like him. One day, in the wild woods outside town, John has an impossible moment: a dreamlike meeting with a German boy named Jan. John catches a glimpse of a better world, in which children like Jan and himself can one day scatter the seeds of peace. David Almond brings his ineffable sensibility to a poignant and ultimately hopeful tale of the effects of war on children, interwoven with David Litchfield's gorgeous black-and-white illustrations. An Air Force captain recounts his capture by the Gestapo after being shot down over occupied France, his escape back to France, and his involvement with the French underground During World War II, as the United States called on its citizens to serve in unprecedented numbers, the presence of gay Americans in the armed forces increasingly conflicted with the expanding antihomosexual policies and procedures of the military. In *Coming Out Under Fire*, Allan Berube examines in depth and detail these social and political confrontation--not as a story of how the military victimized homosexuals, but as a story of how a dynamic power relationship developed between gay citizens and their government, transforming them both. Drawing on GIs' wartime letters, extensive interviews with gay veterans, and declassified military documents, Berube thoughtfully constructs a startling history of the two wars gay military men and women fought--one for America and another as homosexuals within the military. Berube's book, the inspiration for the 1995 Peabody Award-winning documentary film of the same name, has become a classic since it was published in 1990, just three years prior to the controversial "don't ask, don't tell" policy, which has continued to serve as an uneasy compromise between gays and the military. With a new foreword by historians John D'Emilio and Estelle B. Freedman, this book remains a valuable contribution to the history of World War II, as well as to the ongoing debate regarding the role of gays in the U.S. military. Wells, first serialised in 1897 by Pearson's Magazine in the UK and by Cosmopolitan magazine in the US. The novel's first appearance in hardcover was in 1898 from publisher William Heinemann of London. Written between 1895 and 1897, it is one of the earliest stories to detail a conflict between mankind and an extraterrestrial race. The novel is the first-person narrative of both an unnamed protagonist in Surrey and of his younger brother in London as southern England is

invaded by Martians. The novel is one of the most commented-on works in the science fiction canon. The acclaimed classic novel and fan favorite--the far-future story of one man's quest to discover the truth behind a galactic war hero. The daughter of Joseph Henry, one of America's most renowned scientists, Mary Henry was 21-years-old when her family moved into the only castle in Washington, D.C., the Smithsonian Institution Building. A prolific writer and astute observer, Mary began recording a diary in 1858, including a daily log of her personal reflections, events at the Smithsonian and conversations she had shared with many of the most influential leaders in America. It would have been impossible for the youthful lady, filled with juvenile yearnings and wanderlust, to have imagined the unspeakable horrors that would soon fill the pages of her blank diary, as she penned her first entry in November 1858. Mary's entries include personal conversations with Abraham Lincoln, General Ulysses S. Grant, common citizens and captured southern troops. A staunch unionist and American patriot, the young woman's diary reveals the incredible dilemma held by millions of Americans throughout the war between the states - as she often sympathized with the southern plight, mourned Confederate casualties and criticized the Lincoln administration's every move. Though her writings provide one of the greatest insights into the Civil War in the past quarter-century, Mary's diary is far more than a collection of random thoughts on matters of science and politics. Her diary is a story of both a young woman and a struggling nation coming to age in the latter half of the nineteenth century. Book Delisted
